It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

In Memoriam

The author of the Liquor Tax Law of the State of New York, Senator John Raines, has passed to his final rest during the current excise year. It is, therefore, appropriate that, in the Annual Report of this Department, some record should be made, and some tribute paid to the memory of him whose creative genius established the Department through the provisions of the statute which the Department has endeavored to carry into effect for the fourteen years last past.

Among the many résumés of his career, which were published at the time of his death, no more fitting tribute was pronounced than is contained in the following extract from an editorial in *The Lyons Republican*, a newspaper published in his senatorial district, and the same is herewith reproduced for the reasons above mentioned:

“Senator Raines was a unique and commanding figure in the political and the public life of the State of New York for nearly a quarter of a century, and at the time of his death he was the accepted and acknowledged leader of the Republican party in the State Legislature, and the most potent factor in the Republican party of the State. The place made vacant by his death therefore cannot be filled by any man of this senatorial district, neither can it be filled by any man in the State of New York. His

prominence, his influence and the commanding position which he occupied, were the result of a long life of intelligent, conscientious and faithful service to the people of the State and to the Republican party. The position which Senator Raines occupied in the public life of the State can be acquired only by experience, by ability and by the sterling qualities of heart, mind and character which he possessed. No such position as he occupied, with such a wide circle of influence, with such universal acknowledgment of leadership, was ever before attained by any member of the State Legislature in the whole history of the State of New York. It is acknowledged on all hands by all competent authorities who are acquainted with the legislative history of the State, that Senator Raines has placed upon the statute books of our State more constructive legislation, more statesman-like laws for the benefit of the people of the State, than any single legislator in the whole history of the State.

“He is the author of many of the most important laws upon our statute books, and he is responsible for the enactment of many other laws of great importance, some of which he helped to frame, others which he did not frame, but which through his influence were placed upon the statute books. He was a born legislator, he was a born leader of men. He had the elements of leadership because he was honest, he was fearless and he was conscientious. He was never swerved from the line of duty by criticism or clamor; he always stood erect, walked a highway of his own and kept the company of his self-respect.

“Some of the newspapers have said that he was not responsive to public sentiment. This we deny. He was

always responsive to sound, intelligent and informed public sentiment, but he was never responsive to ignorant, uninformed surface sentiment. He was always responsive to the intelligent, sane, correct public sentiment of the great majority, but he was never responsive to the noisy clamor of the light-headed minority. He was always responsive to what he knew to be his duty and what he knew to be for the interests of his constituents and for the interest of the people of the State. The fact that he was nominated time after time unanimously, and re-elected without serious opposition, is itself a demonstration that he was responsive to and represented the best enlightened sentiment of his constituents, and that his record was always cordially endorsed by the voters of his district. But he was never responsive to the ignorant clamor of the hour. If he knew a thing was right and he believed the people were misinformed upon it, he was not swerved from the line of duty because of criticism.

“Being a statesman instead of a demagogue, being an honest man instead of a hypocrite, he never sacrificed his manhood, his conscience and his honor upon the altar of public clamor; he believed it was the duty of a representative to serve the best interests of his constituents, even against their own uninformed opinions, and it is for these reasons that he was able to leave a record of achievements as a legislator superior to any other man either living or dead in the State of New York. The laws which he has been responsible for placing upon the statute books of this State, which resulted in abolishing a direct State tax and relieving the people of any State tax whatever; the Liquor Tax Law, which has already saved the taxpayers of the State millions of dollars (upwards of \$220,000,000); our present Ballot Law, the best upon the statute books

of any state in the Union; the Unification Education Law, which consolidated the two educational departments and brought unity out of chaos and efficient administration out of a growing scandal, were all conceived in his brain, framed by him and placed upon the statute books through his influence. At the time of the passage of the Education Law, he was criticized by those who did not know what was for the benefit of the State, the same as he had been criticized upon other measures, but those who criticized lived to see his judgment vindicated in this case as in nearly all others. * * *

“Senator Raines was not only a great leader and a constructive legislator, but he was a brave soldier, a model citizen and a true and loyal friend. He never deserted a friend and he never turned his back on a foe. As was said of Roscoe Conklin, ‘He knew his friends and his enemies knew him.’

“Senator Raines’ record of achievement and the great service which he rendered the people of the State, will forever remain a monument to his memory, and when the future historian reveals to the public the full measure of his achievements, they will be found to be much greater than even his best friends now imagine. For his industry was so constant and his achievements so numerous in the line of legislation that many of the important measures which he placed upon the statute books are buried in the history of the State and can be revealed only by the industrious historian who shall hereafter write a true history of the record of the Legislature.

“But Senator Raines’ distinguished career in the public service of the State is only a part of the magnificent achievements which stand to his credit as a citizen and as a leader. The good roads of Ontario county, the public

buildings of Canandaigua, the educational institutions of that village, will forever remain a monument to his memory, and a reminder to the present and future generations of the local achievements which stand to the credit of that grand and mighty personality, that has now passed beyond the 'twilight's purple hills.'

"He was an honest man. He was a brave soldier. He was a broad-minded, informed and far-sighted statesman. He was a trained, experienced and successful legislator — the most successful in the history of the State. He was an intelligent and loyal public servant. He had confidence in the honesty and intelligence of the people and therefore scorned the arts of the demagogue and never tried to flatter or fool the people, but always relied upon their intelligence and sound judgment, and forever refused to believe that hypocrisy was the only road to success in public life.

"In speech he was forceful, logical and argumentative. In debate he was quick, strong and masterful. In moral courage he was sublime, never sacrificing his honest convictions upon the altar of fear. He lived for his family and for his friends and he labored with unselfish zeal for the people. Those who traduced him living were by truth, justice and the lash of conscience compelled to pay tribute to the nobility of his character and the magnificence of his achievements when he had passed to that realm where he could never hear the cowards' confessions.

"A great man has fallen in the zenith of his power and fame—a man who in the stern battle of life was never conquered by any foe save Death. He was a patriotic citizen. He was a fond father and a true friend. His figure was tall, impressive and commanding, his eye keen and piercing, his countenance open, frank and honest. His heart was never tainted by insincerity and the chastity of his mind was never poisoned by hypocrisy.

“His strong and active brain, a rare dynamic force, always thinking and working for the people’s cause, is forever at rest. His large, noble and generous heart, always a benediction to his family and his friends, has ceased to beat. His eloquent tongue, always pleading the people’s cause, sometimes against their will, is forever stilled; but the memory of his noble and kindly life is engraved upon the hearts and minds of a countless host of friends who knew and appreciated his sterling worth, and so long as life lasts will remain among their most cherished possessions.

“He was our friend, loyal and true. We loved him living and we love him dead.”

LOCAL OPTION STATUS OF TOWNS IN NEW YORK STATE

The following summary statement of local option statistics covering all of the towns in the State from 1897 (in which year the first vote under the present law was had), to 1909, inclusive, is of interest. While it shows a fluctuation of the vote in close towns, the decrease of thirty-four in the number of full license towns, the increase of seventy-six in the number of no license towns, and the decrease of fifty-one in the number of partial license towns in the State during that period, indicate the drift of public sentiment:

* By the provisions of chapter 144 of the laws of 1908, the beginning of the certificate year was changed from May 1 to October 1, to correspond with the fiscal year of the State. Under this amendment, the excise tax collected May 1, 1908, was for only five-twelfths of one year, which explains the apparent decrease in revenue.

† The search and seizure amendment of 1908 has increased the expenses of the legal bureau, but the improved conditions resulting from the enforcement of this provision fully warrant the increased expenditure.

† Enumerated by State Department of Excise.

THE EXCISE PROBLEM

The statistics included in this report indicate that the work of the Department, aided by public sentiment, the most efficient ally of *Law Enforcement*, has grown in volume and improved in quality during the past year, but in the face of this advance our complaint and correspondence records also indicate that the capacity of our office and field forces as at present organized and equipped is not adequate to meet the increasing demands of various communities in the State for a still more marked improvement in excise conditions.

Although there has been a change for the better in the attitude of brewers and traffickers in liquors in respect to obedience to law, which has proved helpful in the work of the Department, all of the agencies provided by the Liquor Tax Law, assisted by such outside co-operation as is possible under existing conditions, are not sufficient to bring about such a radical betterment in the methods and practices of those engaged in the manufacture and sale of liquors as will meet the ever increasing public demands for excise reform.

In view of this phase of the question, I deem it my duty to bring to the attention of the Legislature the need of such changes in the statute as will tend to facilitate the work of police officers and of this Department in the accomplishment of such further reforms in *Law Enforcement* as the best sentiment of the State demands and will support.

POLICY OF STATE RESTRICTION AND REGULATION, NOT PROHIBITION

Notwithstanding that certain groups of our citizens are conscientiously opposed to the liquor traffic in any form, and are continually striving, as is their right, for the destruction rather than the regulation of the liquor business, the fixed policy of the State, as expressed in the Liquor Tax Law, is not prohibition, but restriction and regulation of the traffic. Until this policy is altered in accordance with the will of the people, it is clearly the duty of the Legislature to make restriction and regulation more effective by appropriate amendments to the statute.

LIQUOR BUSINESS SHOULD CONFORM TO LAW

The proposition that an occupation whose influence is recognized to be so injurious to the morals and good order of the community, that it can be conducted only within the police power of the State, should be continued only in strict conformity to the restrictions and limitations prescribed by that power, is too clear for argument.

While there is in the minds of many a deep seated prejudice against the liquor business, because of flagrant abuses and utter disregard of law by a certain class of dealers who have defied the authorities persistently since the formation of the State, to the serious injury of the business, liberal minded men are disposed to regard the liquor traffic, if decently conducted, substantially as they look upon any other lawful occupation; but no fair mind can consider the liquor traffic as superior to any other business, or better than any other business, or as entitled to any immunity or privilege not accorded to other trades.

Obedience to law is the rule with all other classes of our citizens, and in view of past experience, it is clearly the duty of the Legislature to amend the statute in such a way as will tend to make obedience to the law on the part of liquor dealers the rule rather than the exception, as is too often the case.

COMPLAINTS

Many complaints received by the Department are the result of improper motives or defective judgment. Much of the time of the Department is wasted in the preliminary examination of complaints and complainants in order to insure the Department against being used in spite or political cases, or in investigations inspired by one dealer who is seeking to use the Department improperly, with intent to embarrass or put out of business a competitor. In a good many instances, the preliminary investigations indicate that the dealer complained of conducts his business more nearly in obedience to law than the great majority of dealers in the locality, and for this reason his place belongs to the class that is least harmful.

So extensive has this misuse of the power of the Department by complainants actuated by improper motives become, that it is

a very grave question whether all complaints received should not in the first instance be referred to local police and prosecuting officers, who are charged by law with the duty of investigating all excise violations of which they have "knowledge" or of which they shall receive "notice," and thus save to the Department the time of its special agents that is now expended on sham or bad faith complaints. This change in policy would facilitate the discovery of the motives of complainants by grand jurors and before magistrates in the neighborhoods where the character and standing of complainants are best known and where their motives could be most accurately determined. The Department would also be enabled to increase largely its most beneficial work by the prosecution on its own initiative of a far greater number of cases discovered by its agents and generally regarded as the most flagrant in all parts of the State. It is manifest that the greatest benefit will accrue to society from the prosecution of places that are doing the most damage in the community.

WHOLESOME EFFECT OF AMENDMENTS AGAINST DISORDERLY AND GAMBLING PLACES

The amendments to the law, suggested by the Department, by which premises occupied for traffic in liquors are closed to that business for the period of one year, upon the cancelation or forfeiture of a liquor tax certificate because of gambling or disorderly practices on the premises, have proved most efficient and wholesome.

SEARCH AND SEIZURE REMEDY

The same is true of the "search and seizure" amendment, which had not been in operation long enough during the period covered by the last previous report to admit of accurate determination as to its working. The test of the past year demonstrates the wisdom of its enactment. Its enforcement has discouraged in a marked degree the criminal and unfair competition to which certificated dealers were formerly subjected on the part of illicit dealers, who, in cities and populous centers where the excise tax is high, sought to evade its payment. The destruction, by order of the court, of liquors of the value of many thousands of dollars, kept and stored for illegal sale, has tended largely to correct this

long-standing abuse in territory where traffic is authorized; but in no license territory where traffic is prohibited as the result of a local option vote, the enforcement of this amendment has produced the most encouraging and salutary effect. It has changed declared prohibition in towns to enforced prohibition in fact, and has encouraged vigorous action for the promotion of temperance, resulting in the carrying at the fall elections of more than twice as many towns for no license as were carried at any one previous election since the enactment of the Liquor Tax Law.

In considering the advantage to good order that has resulted from the above amendments, credit should be given in all fairness to the brewers and liquor dealers of the State for their support of these measures, without which their enactment might not have been secured.

INCREASE IN SPECIAL AGENT FORCE

It is understood that the Committee of Fourteen of New York City, an organization which has given to this Department, and to the local police department as well, intelligent and valuable assistance in the enforcement of the Liquor Tax Law, and in the correction of abuses that exist in connection with the liquor traffic, will have re-introduced in the Legislature this year its bill of last winter, with the Sunday opening provisions, which met with serious opposition, eliminated. The proposal looking to an increase in the special agent and working forces of this Department, in order to extend and render more efficient the Department's efforts to secure a greater degree of observance of the law on the part of those engaged in the liquor traffic, by giving the State Commissioner an adequate force to facilitate a more prompt investigation and a more vigorous prosecution of violators, accords without doubt with the best sentiment of the State; but in order to be entirely effective, a reform looking to a large increase in the Department's ability to multiply the number of investigations, and to a material increase in the number of civil actions to be prepared and prosecuted as the natural result of such increased investigations, should be comprehensive.

The object sought is not merely to increase the number of investigations of alleged violations of law, or to double the number

of actions commenced by the State Commissioner. These are mere incidents or preliminaries to the work. But what is demanded and what the situation requires is the beneficial results that will come from the prompt trial of all excise actions brought, and the necessity for an appropriate increase in court facilities for speedy trials should be considered and provided for as a part of the proposed plan for increased departmental activities, else it is likely to result in delay and disappointment, because of a congestion of accumulated and untried excise cases in the courts, rather than in increased results, which are the end desired.

RELATION OF EXCISE DEPARTMENT TO LOCAL OFFICERS

There is a misapprehension in some quarters as to the relation existing between the special agent force in this Department and the police force in the counties, cities, and villages of the State in respect to the enforcement of the Liquor Tax Law. This confusion is not due in any sense to a lack of definiteness in the statute; for it is clearly demonstrated in the statute that the legislative intent was that the State Commissioner, with the limited agent force originally provided, should act merely in a supervisory capacity over excise conditions in the State in general, and aid local officers incidentally where for special reasons they were unable adequately to control the situation, or interfere with local officers for the relief of citizens from intolerant excise abuses where such local officers utterly neglected or refused to perform their sworn duties, which were made mandatory on them by the provisions of section forty.

IS CONVERSION OF SPECIAL AGENT FORCE INTO LIMITED STATE CONSTABULARY DESIRABLE?

It is entirely consistent with the original theory and purpose of the framers of the Liquor Tax Law to increase moderately the special agent and other working forces of the Department, in order to make such supervision and co-operation more effective, but if by the proposed increase in the agent force, it is intended so to change the character and enlarge the scope of departmental supervision and work as to constitute the special agent force practically a

limited State constabulary, having oversight and control over the liquor traffic alone, a serious question is presented involving a radical change in the policy of the State in the extension of State control in the place of local control or home rule, but limiting it in its application to the liquor traffic, which is only one of the several causes that contribute to disorder in the community.

IS HOME RULE OF POLICE OFFICERS A FAILURE?

Are we prepared to concede that so far as local police supervision of the liquor traffic is concerned, home rule — so long highly cherished in declamation — is successful only in theory, and in practice a failure, because of the indifference of the people to an extent that justifies intervention by the State?

Can we shut our eyes to the fact that is abundantly established by statistics, set forth in the annual reports made by the State Commissioner since the enactment of the Liquor Tax Law, that with the co-operation and aid rendered by this Department, the criminal law is better and more successfully enforced in excise cases by local police and prosecuting officers than ever before, in spite of the fact that much yet remains to be accomplished?

If, nevertheless, a State constabulary is desirable, why should it be limited to the enforcement of one law, when, by reason of the negligence of local officers, society is suffering from flagrant violation of other laws, the consequences of which in numerous cases are even more serious than many excise abuses?

A State constabulary for local police duty, whether limited or general, means increased expenses in the State government, which in the end will fall on the local taxpayer, who will then be under double taxation for police protection.

It would seem, therefore, that if a State excise constabulary is correct in theory and is desirable, the weight of argument would favor the general supervision of police by the State in order to protect society better against all kinds of disorder, and the doing away absolutely with local control of police in order to insure greater efficiency, avoid a duplication of police service, and escape double taxation.

If the State is to assume the entire responsibility for local police protection against excise abuses, it should be understood at

the outset that an adequate State force must include a vastly larger number of men than has yet been suggested.

There are 29,813 places in the State for which liquor tax certificates have been issued during the year, and a considerable number of other places where it is alleged that uncertificated traffic is carried on with more or less regularity. All of these places must be either investigated or kept under the personal surveillance of some proper officer. The Liquor Tax Law, since its enactment in 1896 down to the present time, has made it the mandatory duty of local police officers, now numbering upwards of eighteen thousand, to aid in this work.

Should co-operation of local officers in excise work be discontinued, it is manifest that the addition of one hundred or two hundred special agents would be wholly insufficient for the work. The special agent force would need to be re-organized and their powers enlarged to include all of the authority of a police officer. The work should not be undertaken with a permanent force of less than one thousand men, and experience would without doubt speedily demonstrate the inadequacy of even this large number of agents to maintain at all times the needful supervision over the thirty thousand and upwards of certificated and uncertificated places in the State.

But what is the real reason back of any demand that may exist for a limited or general State constabulary? Is it not a lack of confidence in the police departments, particularly in the cities of the State, because of wholesale charges of graft and corruption that, with or without justice,—mostly without,—have been made against police officers by a peculiar type of citizen and of newspaper that appears willing to convict, without evidence, any public officer or body of officers so unfortunate as to fall beneath the morbid suspicion of either?

This distrust of police officers, and of public officers in general, is unwarranted. The great body of public officers is honest. There are undoubtedly individual exceptions, as there are dishonest men in every calling and station in life, but the ratio is far less in public than in private life or in private business, because public servants are picked men whose character and standing are considered and weighed at the time of their selection. In the

case of police officers who are criticized for inaction or inefficiency in certain of our municipalities where police regulations are disregarded with more or less impunity, it will be found that the fault is not so often with the police as with the man higher up. He has the power to make and unmake, or to transfer to an undesirable post, a police officer who sees too much or who indiscreetly acts in obedience to his oath of office and the mandates of law instead of pursuing the policy of his superior, which not infrequently does violence to the duty and conscience of the subordinate.

When this condition prevails, the remedy is not to change the system, but to change the man higher up, who is responsible in nine cases out of ten for police demoralization. This can be done only by intelligent action on the part of the people who rule; it can not be done by those who serve, nor by changing the law.

There is altogether too much clamor for the correction by new laws of old evils that are wholly due to an indifferent discharge of the plain duty that our system of government devolves on citizens, and unless the doctors who assume to prescribe for all our civic disorders are given the wisdom to make a correct diagnosis, the disease is in danger of becoming chronic.

CITIZENS' AND TAXPAYERS' REMEDY; MISUSE OF IT

The old Excise Law of 1892 contained a provision authorizing town overseers of the poor to prosecute, by civil action for penalties, liquor dealers for excise violations. The penalties recovered were divided between the informer and the town. A certain type of lawyer whose methods resembled those of the ambulance chaser of today specialized in the prosecution of alleged violators under this law. Under such exploitation, the penalty remedy degenerated into a species of blackmail proceeding for the promotion of the private gain of the attorney informer and of the overseer interested, instead of being employed as it was intended to be, for the promotion of good order in the community. The first and most important question to be determined in the selection of victims was, is the dealer financially responsible? If so, the character of the evidence was a mere detail. Dealers of unquestioned means were proceeded against for technical violations, or

even on suspicion, if their standing in the community was such as to warrant the hope that they would settle, and pay a satisfactory sum as tribute, which they usually did rather than be haled to court. Dealers of this class were generally prosecuted, while really flagrant violators who were execution proof were allowed to continue their evil practices unmolested. Few cases were tried; many were compromised on undisclosed terms. In the limited number of compromised actions reported, the costs and attorneys' fees were heavy, and but little or nothing was ever paid into the town treasuries, so that the public derived practically no moral or financial benefit. The outrageous abuse of this remedy by shyster lawyers helped to make the law, of which it was a part, odious.

Although the Liquor Tax Law does not provide for the collection of penalties from excise violators except by the State Commissioner of Excise, it is provided that a taxpayer may institute a proceeding for the cancelation of a certificate, with costs. There is a growing belief that the chance of collecting a bill of costs has become so attractive to the attorneys and the managers of some of the excise agitation organizations, which are multiplying throughout the State, that certificate holders are being prosecuted under this remedy, because they are liable for costs, and that this is being done notwithstanding these dealers' conduct comparatively decent places, while others in the same locality who run notoriously bad places are not proceeded against, since a bill of costs could not be collected from them. The abuse of this provision has not yet become serious or general; on the contrary, it is only exceptional, but it would seem to be the part of wisdom to remove the opportunity for such an abuse before the evil assumes larger proportions, provided the law can be modified without prejudice to the public interests. This change could be made either by providing that no costs should be allowed in a proceeding to cancel, instituted by a taxpayer, or by providing that this Department should prosecute all such cases at the expense of the State.

**TAXPAYERS' REMEDY INTENDED FOR PROTECTION OF HOME AND
NEIGHBORHOOD OF TAXPAYER, NOT TO PROVIDE A BUSINESS
OR LIVELIHOOD FOR ITINERANT AGITATORS**

A serious question in civics is involved when we consider the advisability of modifying or extending the privilege of a citizen to institute an independent civil action under the Liquor Tax Law. It would not be so important if the remedy were in practice limited to isolated cases where some flagrant excise violations were brought to the personal knowledge of the citizen as an individual; but in view of the fact that in most of the taxpayers' actions, the petitioning citizen does not represent himself, except technically for the purpose of getting a standing in court, but is the representative and instrument of some roving organization, a phase of the question is presented that is serious. The leading spirits in such organizations are working excise reform in the matter of *Law Enforcement* as a business, a livelihood, which in many cases is made to yield a better remuneration than men of their type might gain in any other way.

**AGITATION, IF EDUCATIONAL, DESIRABLE; IF MERCENARY, WORTH-
LESS**

There is a broad distinction between the character and value of the unselfish work which those men and women are doing in the communities of the State who are using their efforts to educate the public mind in regard to the needs and desirability of better *Law Enforcement*, as well as the methods by which it should be brought about, and the character and value of the work of that other class which is seeking to exploit *Law Enforcement* in excise cases for what money it can get out of this branch of reform, both from costs derived from actions prosecuted, and from subscriptions and church collections. The former class is working conscientiously year in and year out to stimulate and elevate the moral standard of the community and to strengthen the demand for better citizenship, while the latter class is preaching and teaching the false and illogical doctrine that the only way and the best way to insure the enforcement of the law against excise offenders is to contribute generously to the support of an unofficial roaming aggregation of agitators. Much revenue is raised by such

misguided reformers, but the community derives but little in return by way of improved *Law Enforcement*, because the method employed is inconsistent with the basic theory of self-government, and tends to obscure the bed-rock principle of the responsibility to society of each individual citizen as a unit for the integrity of his official servants, on which it rests, and thus to weaken popular rule rather than to upbuild and vitalize it.

If "knowledge is power," then the absence of it is weakness. The knowledge that every community needs in order to govern itself aright is that there is an adequate police and prosecuting force in each locality, constituting the official servants of the public, and obligated to enforce the law properly against all excise offenders, and that the people have the power, and that it is their duty, to compel such action. That is representative self-government, because the county, city, town, or village is governing itself, through its duly selected official representatives, in respect to the liquor traffic. It is the regulation of public affairs in the manner that was intended and provided by the founders of our government. Any organized influence that centers public attention on this important fact is educational and a potent aid to the people in their efforts to govern themselves properly. On the other hand, any influence or movement in the community is detrimental to the public welfare which tends to obscure the underlying principles of self-government by operations based on the fallacy that, although official servants are selected, paid, and maintained for the performance of the several duties that laws enacted for the promotion of good order devolve upon them, it is necessary, notwithstanding this fact, to employ outside agencies to do the work involved in *Law Enforcement* which local officers are sworn to perform.

Self-government is the business of all the people, and the same common-sense rule that is applicable to private business is equally applicable to public business. What happens in private business when a servant neglects the duty for which he is employed and paid? Does the employer add to his operating expenses by calling in outside help, thus paying double for the service he receives, or does he get rid of the faithless servant?

If officers who are maintained at the expense of all of the taxpayers have not sufficient power to enable them to enforce law as

the public welfare requires, additional authority should be given them by the proper amendment of our laws, but itinerant substitutes without official responsibility should not be employed at the expense of a few taxpayers to perform the tasks for which officers have been selected and are paid by all.

Since common honesty is always the supreme issue in popular rule, a correct understanding on the part of the majority of our citizens of the paramount duty of selecting competent and reliable official servants to attend to the details of government, and of their power to correct abuses by the removal of those who fail in their duty and the substitution in their places of men of conscience and ability, is absolutely necessary, because without it successful self-government is impossible. Any individual, committee, or organization that teaches this truth deepens and broadens the foundation of good order in the community. At the same time, any influence that obscures the truth and tends to teach a doctrine inconsistent with this underlying principle of popular government is in the long run destructive of law and order.

DEMAGOGUES HINDER EXCISE REFORM MORE THAN DO DEFECTS IN THE LAW

The Liquor Tax Law has suffered more from demagoguery than from inherent defects. It has been denounced by bad men actuated by selfish purposes, and by some good men who have been deceived by the bad, as the sink-hole and breeder of about all of the vice and crime in the State.

The Raines Law Hotel, so-called, has become synonymous with houses of ill fame, and responsible in the minds of many for every disorderly house, in spite of the fact that there is far less of the social evil flaunting itself in the eyes of decency than when the law was passed, and in spite of the fact that the ten-room provision from which the Raines Law Hotel derives its name was taken almost word for word from the old Excise Law of 1892, and the decisions of the Supreme Court construing that act.

Sensation mongers and faddists have, through ignorance or a morbid desire for cheap notoriety, insulted the integrity and morality of the women of the cities and populous centers of the

State, without justification or decency. Our cities today compare favorably as to virtue and obedience to law with any others in the civilized world. These same morbid promoters of sensation also insult reason and intelligence when they assert that the ten-room hotel provision of the present law has materially increased or affected the social evil or that this similar provision of the former law had any such effect. This evil is due to human weakness and human passion, and not to the defects of any statute. It is as ancient as man. It can be restricted and minimized by the enforcement of statutory law, but it can be lessened in a far greater degree by the teachings and influence of the higher law that stimulates and promotes self-control and morality in the individual.

That society is undergoing a moral uplift is in evidence on every hand. Standards are higher both in public and in private life than ever before. More is required of public servants, and better work is being done by them than at any previous time in the history of the State. This amendment of public sentiment will promote obedience to law in a greater degree than can possibly result from amendments of the statutes themselves.

NUMBER OF PLACES SHOULD BE REDUCED

In previous reports of the Department attention has been called to the desirability of such amendments as would operate to decrease the number of certificated liquor dealers to a point where it would be possible for those remaining in the business to meet the rate of excise taxation imposed, together with all legitimate expenses of operation, including the support of the dealers and their families, and make a reasonable profit, without the temptation or necessity of violating the law to render their occupation self-sustaining and profitable. The desirability of decreasing the number of authorized dealers is recognized by all certificate holders and brewers in the State who have given the subject careful thought. Adequate legislative relief should be forthcoming without further delay.

At the close of the excise year September 30, 1909, there were 27,692 liquor tax certificates outstanding in the State, with its

population of 8,067,308, or one certificated place to each 291 inhabitants.

Representative liquor dealers and brewers of the State have gone on record during the past year as favoring such excise amendments as would reduce the number of certificated places to a minimum of one to each five hundred inhabitants. Many disinterested citizens who have given the subject much thought have expressed the opinion that the ratio should be not less than one to each seven hundred and fifty, and not a few believe that the ratio should be one certificated place to each one thousand of population.

I do not recommend drastic changes in this respect, but I do deem it wise and in the best interests of the State that the issuance of certificates for new places should be restricted, and that such changes in the law should be enacted as will operate gradually to decrease the number of certificated places until a basis has been reached that is consistent with *Law Observance* and *Law Enforcement*.

It does not require much thought or reason to comprehend that so long as the number of retail places that are struggling to exist is largely in excess of the number that can be lawfully run at a profit within the restrictions laid down in the law, it is useless to expect obedience to the law on the part of those dealers who find competition so strong that from their viewpoint violations are necessary to make both ends meet.

Enforcement of the law against a dealer who violates from habit or because of greed, to swell the profits of his trade, is difficult, but in a case where violations are regarded as necessary to meet the demands of family and business, it is well nigh hopeless, and the sooner a dealer of the latter kind quits or is forced out of business, the better for him, the better for the trade, and the better for the public.

Although there is a strong sentiment for the reduction of the number of places until the ratio of one to five hundred or more of population has been reached, the difficulty of carrying out any such plan voluntarily, without the aid of legislation, is insurmountable, because, as was pointed out in the Department's report

of last year, the undue multiplication of retail liquor places has been brought about by short-sighted competition among the brewers themselves. While the associations in the State representing all or a large majority of individual brewers agree upon the necessity of a reduction, there are individual brewers in the State, and non-resident brewers anxiously looking for new customers to make up losses at home, who stand ready to rush in and re-establish any undesirable place that may be discontinued by one of the better grade of brewers.

The first step should be to prohibit any increase in the number of liquor tax certificates over the number held on January 1, 1910.

Section 24, providing for the payment of rebates on surrendered certificates should be repealed, or modified so as to provide for a pro rata rebate of not over 50 per cent. upon a surrendered certificate.

Section 26 of the Liquor Tax Law, which authorizes the transfer of a certificate from one person to another, should also be repealed.

The loss of all or half of the rebate value of a certificate upon surrender, and the practical restriction of transfers, would create a very wholesome caution on the part of brewers as to the character of any dealer to whom they give financial backing, in order to minimize the number of cases in which surrenders might become desirable.

The foregoing suggestions, while merely incidental, would tend to a gradual improvement, but it would seem that the change and improvement which would come from a marked reduction in the number of licensed liquor dealers should be hastened by some more active agency for the relief of the present over-crowded condition.

LOCAL OPTION FOR CITIES THAT WOULD BE PRACTICAL, WORK- ABLE AND OBTAINABLE

To my mind, no more practical amendment looking to this end has been suggested than a change in the law which would extend from two hundred to, say, three hundred feet, the radius in residential territory for which the consents of the owners of not less

than two-thirds of the dwellings should be filed upon application for a liquor tax certificate.

I believe that an amendment of this character would commend itself to the reason of every disinterested, fair-minded citizen as the most practical scheme of local option for cities that has yet been proposed. There exist in the minds of many who are deeply interested in excise reform and have given the subject careful thought, very serious doubts as to whether the same form of local option now obtaining in the towns of the State would be applicable and beneficial to cities, excepting, possibly, those of the smaller class. For instance, no one can seriously contend that under prevalent conditions the town form of local option in cities would be likely to result in prohibition, excepting, possibly, in the smaller cities of the State, and that the only benefit to be derived would be the deterrent influence that the existence of the local option privilege in cities might possibly exercise on the traffic.

An amendment of this kind would give the two-thirds majority of residence owners within a circle of six hundred feet the right to determine, by a two-thirds vote practically, whether a licensed place should continue or not. Such voters would be able to exercise their option from positive personal knowledge of the character of every place affected, by their determination to give or to withhold consents. It would give the home owners in all the residential sections of the State the exercise of an improved local option, and by it a control over places to say whether they should be continued or not, that would be most wholesome and beneficial. It would tend to keep certificate holders at all times on their good behavior, in order that no prejudice might be created that would unfavorably influence the giving or continuing of the necessary consents.

A comparison of the above plan of local option for cities, to be exercised by dwelling owners, with the frequently suggested plan of city local option as it now relates to towns, would seem to emphasize the desirability of extending the zone of the consent privilege, and the unwisdom of attempting to apply a general scheme of town local option to cities. Local option in the towns works fairly well, because, where the population is sparse and

limited, a general knowledge exists of all the places affected by a local option vote. But in a densely populated city, personal knowledge of the character of the places would be too limited to admit of intelligent action on the part of the voters. It is the consensus of opinion that a majority no license vote would be rarely, if ever, secured in a city, and that its enforcement would be equally uncertain.

LOCAL OPTION AMENDMENTS

Much confusion has resulted from the present provision of the law which authorizes a hotel keeper to traffic in liquors not to be drunk upon the premises, in towns where a negative local option vote has resulted on questions one and two of section thirteen. This is inconsistent with the understanding reached by the average voter after a careful reading of question two of section thirteen. It is unquestionably desirable that the law should contain no provision which allows a condition of traffic inconsistent with the purpose of a voter at a local option election, or contrary to the plain reading of any of the questions submitted to a voter, and passed upon by him when he prepares his ballot. I recommend that this inconsistency in the law be corrected by appropriate amendment.

While it is important that the law should correspond with the intent and understanding of a voter in respect to local option, it is no less important that the local option privilege be so perfected that a voter should not find it necessary, when voting for a result which he desires, also to entail some conditions in his town of which he does not approve; that is to say, a voter in a license town who desires to vote for the continuance of hotel traffic, by certain reputable dealers only, should not be confronted with the necessity of voting in the affirmative on question number four, thus opening the way to all persons to resume traffic as hotel keepers,—some of whom from past experience he has every reason to believe will abuse the privilege,—in order to allow one or more law-abiding hotel keepers in the town to continue the traffic.

Much criticism and dissatisfaction have been expressed by voters who believe in and desire to allow hotel traffic by responsible men

of good character, that they must either vote to put these men out of business in order to close a limited number of places improperly conducted, or allow undesirable places to continue in order to maintain those of which they approve; and it has been frequently suggested that an additional question should be added to section thirteen, which would allow a voter to declare in the affirmative in favor of continuing traffic by a desirable hotel keeper,— whose name should be inserted in the question,— and at the same time enable the voter to cast his ballot in the negative against general traffic, under questions one and four, by saloon keepers and hotel keepers, respectively.

An examination of the fluctuation of the local option vote from year to year, changing first from wet to dry, and then back again at the first opportunity, is explainable largely by just these conditions. So far as it is practicable, the exercise of the local option privilege should be an expression of the sentiments and desires of the majority on the questions involved, rather than a compromise.

THE LONG HOURS OF A CONCEDEDLY DANGEROUS BUSINESS SHOULD BE SHORTENED

It seems inconsistent that a business which is regarded so dangerous to the public morals that it is necessary to regulate and restrict it within the police power, by a statute prescribing a special tax and containing highly penalizing provisions, should be accorded by law more hours out of the twenty-four each day for the transaction of business than are occupied by custom by other lines of trade which are not fraught with any public danger. The daily hours of labor as regulated by statute are usually eight. The usual daily business hours of banking, commerce and trade range from four to twelve, and yet the statute secures to the liquor traffic twenty hours out of the twenty-four, from 5 A. M. until 1 o'clock the next morning, except Sundays, notwithstanding the dangerous character of the business.

Continuous agitation is going on in the nine hundred and thirty-three towns of the State for prohibition by the exercise of local option, and throughout the State for the extension of local option to cities, in order to permit attempts to vote out the

business because of the disorders that flow from abuses in the traffic during the exceptionally long hours allowed for active operation. So continuous and persistent are the efforts which are directed against the liquor traffic, in one form or another, that it is clearly the part of unwisdom for those in the liquor business to fail in giving heed to the consequences disastrous to them of continuing to press and override public sentiment to the limit of human patience. Would not an earlier closing hour, and a later opening hour, more in conformity with the custom that obtains in other lines of trade, be beneficial to the liquor traffic, and at the same time promote the public welfare?

I respectfully suggest to the very careful consideration of the Legislature whether an amendment providing for the closing of saloons in first and second class cities of the State at midnight; in cities of the third class and in villages of over five thousand inhabitants at 11 o'clock P. M.; in villages of under five thousand inhabitants and in the nine hundred and thirty-three towns of the State at 10 o'clock at night; and the opening of all certificated places for business at 6 o'clock A. M., instead of at 5 o'clock, would not accomplish a permanent excise reform vastly superior to any improvement that is likely to follow the adoption of many of the amendments that are urged before the Legislature year in and year out by organized influences whose motives are unimpeachable.

POWER TO MAKE LIQUOR TRAFFIC LAW-ABIDING IN HANDS OF DEALERS THEMSELVES

The liquor traffic can be made law-abiding absolutely, if intelligent and far-sighted dealers who see in the law-defying practices of flagrant violators the cause and provocation of the agitation that keeps the business continuously in an uncertain state, and threatens its ultimate destruction, will themselves demand of their competitors that excise violations shall cease. The business can be reformed within itself with the least harm and to the greatest advantage from the standpoint of the welfare of the liquor dealer. Reform from within means improvement, while from without it may mean destruction.

The absence of reason and judgment, and a short-sighted policy of greed and selfishness on the part of the liquor interests, are

responsible for a large proportion of the prejudice and agitation against the traffic. For instance, no business that ignores or defies law in the main can continue to do so except during the quiescent period of indifference and inattention on the part of the people, and yet certain dealers continue to break and defy law and to do everything in their power to outlaw the liquor business, thus placing it in a blacklisted class all by itself, and this without forceful or effective protest from the better class of liquor dealers. Then they all complain that men engaged in the liquor traffic are shown no consideration and are treated entirely differently from men conducting any other business. On the other hand, many of the well-meaning class that is devoting a good deal of time to the reformation of excise conditions are working along emotional lines almost exclusively, and devoting their energies in efforts that make only temporary impressions on mature citizens of fixed habits, while they neglect, practically, the more fruitful field of a thorough education of the young in regard to the deleterious effect of alcohol on the human mind and body, and the disadvantage to which a young man is subjected who enters business life handicapped by habits of intemperance.

If reformers would inaugurate and maintain a campaign of education twelve months in the year as to the mental, moral, physical, and business disabilities with which the habitual drinker handicaps his career, instead of a campaign of hostility for a few weeks along lines of emotion that leave no permanent effect on public sentiment, in order to make a town nominally no license, they would find ample encouragement in the steadily increasing temperance sentiment in the community year by year, and there would be no slipping back and no lost ground, because the moral growth would be healthful and would be sustained. A successful general fights as hard to hold his position as he does to make an advance.

Valuable material for practical educational work could be found in the rules of almost any large personal or corporate employer of help in the land, which close the door of opportunity to secure positions of trust or responsibility to any young man habitually addicted to the use of intoxicants; in the rules of the great corporate surety companies, which require the rejection of

the risk of bonding in a fiduciary position the victim of the drink habit, who may be in all other respects an acceptable risk; in the significant facts which appear in the official reports of the State Lunacy Department, which establish that of all the causes that contribute to insanity, alcohol stands out the unapproachable chief; and in the study of many other reliable authorities that teach the close relation between alcohol as a cause, and pauperism, crime, and insanity as inevitable effects.

No one possessed of the inherent qualities that make for virile manhood will willingly tolerate the limitation or control of his physical movements or the regulation of his tastes or appetites by force. It makes no difference whether the one back of the force be right or wrong, unless the one to whom it applies recognizes that it is right and for his good. Understanding is the result of knowledge or education, and yet men of standing and ability are engaged in an endless struggle to force prohibition down the throats of humanity in the vain hope that appetite and habit can be reformed by coercion instead of by education, moral and intellectual, which is the only way.

If temperance sentiment based upon an educational foundation should manifest itself in a local option vote against the traffic, the result would be no license in fact, because it would be simply an expression of the normal demands and conviction of the public mind in the town, instead of nominal no license, which usually follows an emotional campaign, some of the leading spirits in which are usually transient agitators who move on as soon as they have won their nominal victory, leaving the sentiment of the town to drop back into its usual state of indifference.

EFFECT OF FOREGOING AMENDMENTS

The adoption of the foregoing amendments would without doubt go a long way in the direction of strengthening and improving the Liquor Tax Law, but it should be borne in mind that, rightly considered, the law in and of itself is a mere tool, and after all, whatever its form, the results to be desired from its enforcement and observance must in the last analysis depend almost wholly upon the integrity and ability of the official workman who uses it. So that, while our legislative representatives

may, in the faithful and wise discharge of their duty, employ their best efforts to perfect the statutes, their work is really insignificant when compared with the paramount importance involved in a like faithful and intelligent discharge of the most responsible duty of citizenship which devolves on the people themselves in the selection of honest and capable official servants to execute the laws, because they are the workmen who must be depended on to set in motion the legal machinery prepared by the law-making body for the preservation of good order in the community. A good workman can do good work with a tool that may not be perfect, but the most perfect implement can be made to produce most disastrous results if placed in dishonorable or incompetent hands.

If reformers would accomplish good results, they must be satisfied to become real workmen along practical lines. It is not enough that they be merely sayers of the word; they must become doers of the work, proceeding along the pathway of reason and experience.

Lowell gives emphasis to this great truth, to which exclusively oratorical reformers would do well to give heed:

“We have been compelled to see what was weak in democracy as well as what was strong. We have begun obscurely to recognize that things do not go of themselves, and that popular government is not in itself a panacea, is no better than any other form except as the virtue and wisdom of the people make it so, and that when men undertake to do their own kingship, they enter upon the dangers and responsibilities as well as the privileges of the function. Above all, it looks as if we were on the way to be persuaded that no government can be carried on by declamation.”

In the discussion of the excise problem, I deem it of the highest importance that prominence and emphasis be given to the paramount responsibility of each citizen in popular government in the selection of public officials to represent him and for the continuous supervision of such officials, because eternally vigilant citizenship is truly the price of good government.

RESULTS IN NEW YORK COUNTY

The net excise receipts in New York county under the Liquor Tax Law for the year ending September 30, 1909, after paying all rebates, were \$7,102,885, of which there was paid into the treasury of New York City, as the locality's net share, \$3,551,442.49, and into the State Treasury, as the State's net share, \$3,551,442.51.

Since the enactment of the Liquor Tax Law, May 1, 1896, to September 30, 1909, there has been collected under it in New

York county, \$88,160,443.37, of which \$48,384,026.80 has been paid into the treasury of New York City, and \$36,104,215.27 into the treasury of the State (rebates on surrendered certificates deducted).

BENEFIT BY REDUCED STATE TAX, ETC.

The net amount paid into the State Treasury as excise taxes from the entire State for the year ending September 30, 1909, was \$8,860,246.77.

New York county's share of property assessed for State taxation is given in the equalization table for 1909, prepared by the State Board of Assessors, as 54.052 per cent. Therefore, the benefit derived by New York county from liquor tax moneys paid into the State Treasury during the year ending September 30, 1909, has been 54.052 per cent. of \$8,860,246.77 or \$4,789,140.58. In other words, if the State Treasury had not received the above amount as taxes from the liquor traffic, New York county would have been obliged to pay into the State Treasury from taxes on real and personal property, \$4,789,140.58 more for the support of the State government. In addition to this benefit of \$4,789,140.58, from reduced State taxes during the year ending September 30, 1909, there was paid directly into the treasury of New York City, as the locality's share of the excise receipts collected in New York county, \$3,551,442.49, making a total benefit for the year of \$8,340,583.07, being an increase of \$7,284,569.97 over the total \$1,056,013.10 receipts from excise taxes under the old law for the year ending April 30, 1896.

It will be noted from the above that New York county's benefit under the Liquor Tax Law by reduced State taxes for the year ending September 30, 1909, was \$4,789,140.58, while there was paid into the State Treasury as excise taxes coming from such county, but \$3,551,442.51, that is, New York county benefited from a reduction in its State tax through operation of the Liquor Tax Law, \$1,237,698.07 more than was paid into the State Treasury as excise taxes from that county.

The result is due to the fact that New York county's per cent. of the entire real and personal property in the State, which is

assessed for State taxation, is greater than the per cent. of the entire excise taxes paid into the State Treasury which comes from that county.

DECREASE IN DRINKING PLACES.

Under the old law for the year ending April 30, 1896, there were 7,841 places licensed in New York county for liquors to be drunk on the premises where sold. The number of liquor tax certificates in force September 30, 1909, for such drinking places, was 5,542, being a decrease of 2,299 or 29.3 per cent., notwithstanding an increase in population of 48 per cent. in the meantime.

ENUMERATION TO DETERMINE TAX RATE

[601]

ENUMERATION TO DETERMINE TAX RATE

Under section 8 of the law the rate of tax for any locality is determined upon basis of population as shown by the last State census or enumeration (which occurred June 1, 1905).

When the population of a city or village is not shown by the latest State census it is determined for the purpose of this act by the latest United States census, and if not shown by reason of the incorporation of a new city or village, or by reason of not having been separately enumerated, the State Commissioner of Excise is authorized and directed, in his discretion, to cause an enumeration of the inhabitants to be taken in such city or village.

The State Commissioner may also cause to be taken an enumeration of the inhabitants of any hamlet or unincorporated village, after first having established a limit or boundary line around such hamlet or unincorporated village, within which limit or boundary line such enumeration may be taken.

If, since the latest State enumeration was taken, the boundaries of a city shall have been changed by the addition of territory not in the same judicial district, such annexed territory shall not be deemed to be a part of such city for the purposes of determining the amount of the excise tax assessed therein; but the inhabitants of such annexed territory shall be enumerated for the purpose of so determining such excise tax.

While the State census of 1892 separately enumerated all the then cities of the State, it, in no instance, separately enumerated the incorporated villages as such. Its plan of enumeration of the rural portion of the State was by election districts, thus preventing the separate enumeration of villages, as the election district boundaries were not coterminous with village boundaries. But under the last State census or enumeration, June 1, 1905, incorporated villages and cities were separately enumerated.

As a result of enumerations made, as shown by the following table, the annual liquor tax revenue has been largely increased and more equitable and satisfactory tax rates established.

ENUMERATION TABLE

There is assessed for each vehicle so employed an excise liquor tax of one hundred and fifty dollars. The state commissioner of excise shall prepare and issue such special liquor tax certificate as shall be necessary to carry out the provisions of this subdivision, and such certificate shall at all times be carried with each such vehicle, or posted therein or thereon, in such manner as the state commissioner of excise shall direct. No sale or delivery of malt liquor under the provisions of this subdivision shall be permitted in any town in which, under section thirteen of this chapter, the sale of liquor, under subdivision two of this section, is prohibited.

6. Upon the business of trafficking in alcohol in quantities of less than five gallons, which alcohol can be sold only between the hours of seven o'clock in the morning and seven o'clock in the evening, on any day except Sunday, for use for mechanical, medicinal or scientific purposes, by dealers who

neither keep nor sell any liquors of any kind other than alcohol, there is assessed an excise tax to be paid by every person engaged in such traffic, and for each such place where such traffic is carried on by such person, if the same be in a city having by the last state census a population of fifteen hundred thousand or more, the sum of thirty-seven and one-half dollars; if in a city having by said census a population of less than fifteen hundred thousand, but more than five hundred thousand, the sum of thirty dollars; if in a city having by said census a population of less than five hundred thousand, but more than fifty thousand, the sum of twenty-two and one-half dollars; if in a city or village having by said census a population of less than fifty thousand, but more than ten thousand, the sum of fifteen dollars; if in any other place, the sum of seven and one-half dollars. 8. **Enumeration.** . When the population of a city or village is not shown by the latest state census, it shall be determined for the purposes of this chapter by the latest United States census, and if not shown by reason of the incorporation of a new city or village, or by reason of not having been separately enumerated, the state commissioner of excise is authorized and directed, in his discretion, to cause an enumeration of the inhabitants to be taken in such city or village. He may also cause to be taken an enumeration of the inhabitants of any hamlet or unincorporated village, after first having established a limit or boundary line around such hamlet or unincorporated village, within which limit or boundary line such enumeration may be taken. Whenever a limit or boundary line shall have been established around any hamlet or unincorporated village such limit or boundary line shall be described and certified to by the state commissioner of excise and be entered of record and become part of the records of the state department of excise, and such limit or boundary line shall not be changed for a period of five years after the date of recording the same, unless such hamlet or unincorporated village become an incorporated village, with corporate limits and boundary lines different from those established by the state commissioner of excise, in which case such newly incorporated village may be enumerated as hereinbefore provided in this section. If, since the latest state enumeration was taken, the boundaries of the city shall have been changed by the addition of territory not in the same judicial district, such annexed territory shall not be deemed to be a part of such city for the purposes of determining the amount of excise tax assessed therein by this chapter; but the inhabitants of such annexed territory shall be enumerated for purposes of so determining such excise tax and, except as to the amount of the excise tax so determined, all the provisions of this chapter shall be applicable to such annexed territory and the excise tax assessed in such annexed territory shall be paid to the city to which such territory shall have been annexed. The amount of excise tax in every place in this state shall remain the same as assessed for the year eighteen hundred and ninety-nine, until changed by an enumeration authorized by the state commissioner of excise, or

by an increase or decrease of population shown by a subsequent state or United States census, and such excise tax assessed in each place enumerated under this subdivision and assessed in each place where a change in the population is shown by the latest state or United States census shall be the same as that provided in subdivisions one, two, three and six of this section, for places containing the same population. The excise taxes assessed under this chapter in cities containing a population of fifteen hundred thousand or more, which are or shall be formed by the consolidation of territory situate in one or more counties, shall be assessed in the several boroughs or portions of the territory so consolidated to form such city at an advance of one-half in the rate over the amount at which such taxes were assessed on the thirty-first day of December, nineteen hundred and two, in the several portions of the territory so consolidated. The state commissioner of excise shall immediately certify the result of an enumeration taken by him under the provisions of this chapter to the treasurer or special deputy commissioner of the county or borough in which the territory so enumerated by him or any part thereof is situated, which certificate shall be evidence of the facts therein stated.

If there be more than one bar, room or place on the premises, car, steamboat, vessel, boat or barge, at which the traffic in liquors is carried on under any subdivision of this section, a like additional tax is assessed for each such additional bar, room or place. (*Thus amended by L. 1909, ch. 281, in effect May 4, 1909.*)

Amendment of 1909 struck out "six" and inserted "seven" in first sentence and struck out "corporation, association, copartnership or" before the word "person" throughout the section wherever such word refers to a person engaged in the liquor traffic; also, in last sentence of subd. 6, struck out "or" after "five" and inserted "or seven" after "six".

§ 9. Tax, when due and payable. The several amounts to be paid as taxes under this chapter are assessed, and shall be paid in advance on the fifteenth day of September of each year, and said assessments together with any penalty that may become due by reason of the violation of any of the provisions of this chapter, shall attach to and operate as a lien on the property on and in said premises where such traffic in liquors is carried on or elsewhere belonging to the corporation, association, copartnership or

person from whom such tax is due; provided, however, that when such traffic shall be commenced after the said first day of October in any year, said assessment shall, for the balance of the year, be in proportion as the remainder of the year shall be to the whole year, except that it shall in no case be for less than one-twelfth of a year, any part of a month being computed as one month, and the said amount shall attach and operate as a lien as aforesaid, at the date of such commencement.

§ 10. Officers to whom the tax is to be paid and how distributed. The taxes assessed, and all fines and penalties incurred under this chapter in counties or boroughs having a special deputy commissioner of excise shall be collected by and paid to him. In all other counties such taxes, fines and penalties shall be collected by and paid to the county treasurer of the county in which the traffic is carried on, except that the taxes assessed under subdivisions four and five of section eight of this chapter, and all fines and penalties in connection therewith, shall be collected by and paid to the state commissioner of excise and by him to the state treasurer. One-half of the revenues resulting from taxes, fines and penalties under the provisions of this chapter less the amount allowed for collecting the same, shall be paid by the county treasurers, and by the several special deputy commissioners receiving the same within ten days from the receipt thereof, to the treasurer of the state of New York to the credit of the general fund, as a part of the general tax revenue of the state and shall be appropriated to the payment of the current general expenses of the state and the remaining one-half thereof, less the amount allowed for collecting the same, shall belong to the town or city in which the traffic was carried on from which revenues were received, and shall be paid by the county treasurer of such county, or by the special deputy commissioner to the supervisor of such town, or to the treasurer or fiscal officer of such city, within ten days from the receipt thereof. All excise moneys collected by county treasurers and special deputy commissioners of excise shall be deposited until the same shall be paid over to the state treasurer or local fiscal officer

as is herein provided, in bank or other depositories designated by the state commissioner of excise, who shall require from each such bank or depository a bond running to the people of the state of New York in such penalty and with such sureties as shall be approved by the said state commissioner, conditioned that such bank or depository will safely keep all such moneys that may be so deposited in or held by it on deposit and will promptly pay the same over at any and all times upon legal demand therefor. Action on said bond for any default or violation of its conditions may be brought by the state commissioner of excise who shall distribute the amount of money recovered to the locality and the state as their respective interests may appear. At the time of making such payment the special deputy commissioner or county treasurer shall furnish to the officer of such city or town to whom such payment is made a written statement under oath stating when such money was received and from whom received; and that the statement includes all the moneys received to a date named in such statement. Such revenues shall be appropriated and expended by such town or city, in such manner as is now or may hereafter be provided by law for the appropriation and expenditures of sums received for excise licenses or in such other manner as may hereafter be provided by law; and any portion of such revenues not otherwise specifically appropriated by law may be applied to the ordinary expenses of the city or town. Any special deputy commissioner or county treasurer who shall neglect or refuse to apportion and pay over such moneys, as above provided, shall, in addition to the fines and penalties otherwise provided in this chapter, be liable to a penalty of fifty dollars for each and every offense, to be recovered in an action by the officer entitled to receive such excise moneys, brought by such officer in the name of the city or town entitled thereto, with costs, in addition to the money unlawfully withheld; and if any special deputy commissioner or county treasurer shall wilfully make and verify a false statement under this section, he shall be guilty of perjury.

§ 11. Compensation of county treasurers. As full compensation and in full payment of all charges and expenses for collecting the taxes herein provided for, and keeping the

necessary books, and making the necessary reports, as required by the state commissioner of excise, and issuing the liquor tax certificates, the officer charged therewith, shall be allowed, except as provided in section six, in counties containing a city of the first or second class one per centum of the amount of taxes, penalties and fines collected; in counties containing a city of the third class, but not a city of the first or second class two per centum; in all other counties, three per centum, which amount shall be deducted and retained by him from the moneys so collected, as his compensation for the duties imposed upon him by this chapter, and in addition to the salary or fees allowed by law for the performance of his other official duties, and charged one-half to the state and one-half to the locality to which the tax belongs.

§ 12. Books and blanks to be furnished by the state commissioner of excise. The state commissioner of excise shall cause to be prepared the necessary books for his office and shall also cause to be prepared and furnish to each special deputy commissioner and to each county treasurer in counties not containing a city of the first class, the necessary and proper books of record, and books in which accounts shall be kept of all taxes, or other moneys accruing and collected under the provisions of this chapter, and the necessary blanks for reports, and the blanks necessary for the application for liquor tax certificates, and the blank bonds and liquor tax certificates provided for in this chapter, which books, blanks and certificates shall be uniform throughout the state. Such books of record and account and all reports, applications and bonds when filed, shall be public records. The necessary expenses of preparing such books and blanks and certificates shall be paid out of the treasury of the state from any funds not otherwise appropriated. He shall furnish to each county treasurer in counties not containing a city of the first class, and to each special deputy commissioner, who shall keep the same, a record book showing the following facts:

1. The name of each corporation, association, copartnership or person upon which or whom a tax is assessed under the provisions of this chapter.

2. The name of each corporation, association, copartnership or person, paying a tax under the provisions of this chapter.

3. The name of each corporation, association, copartnership or person to which, or to whom, a certificate of the payment of such tax is issued.

4. Under which of the subdivisions of section eight of this chapter such certificate of the payment of such tax is issued.

5. The date when such tax is assessed and the date of the commencement of the term for which issued.

6. The term for which such certificate is issued and the date of the ending thereof.

7. The amount of the tax assessed.

8. The amount of tax paid.

9. The date when paid.

10. The location of the premises where the traffic is carried on.

11. The name and residence of each surety or corporation on the bond of the corporation, association, copartnership or person to whom the tax certificate is issued.

12. The amount of each fine or penalty and the costs if any.

13. The amount collected.

14. The amount of the expenses of such collection.

15. The date of the surrender or cancellation of any tax certificate and the cause therefor.

16. The amount of tax refunded, if any, upon such surrender or cancellation.

17. Said special deputy commissioner or county treasurer must keep a separate and distinct account of all excise moneys received and paid over by him; and such moneys must be deposited without delay in a bank or other depository, and kept in a separate account, in the official name of such officer, entitled "liquor tax moneys." Such officer shall also keep all such books of account and in such form as the state commissioner of excise shall provide and direct, and shall render to such commissioner such reports and exhibit such records, accounts and vouchers as he may from time to time require, which reports shall be verified if the state commissioner shall so direct. The wilful making of a false statement under oath in any such report shall be perjury, and in

addition thereto shall subject the person guilty to the penalty and punishment prescribed in section forty-one of this chapter. All interest accruing on undivided excise moneys deposited by any county treasurer or special deputy commissioner of excise, and all interest accruing on the part thereof apportioned to the state shall belong to the state of New York, and shall be remitted by such county treasurer or special deputy commissioner to the state treasurer. All interest moneys accruing on the part thereof belonging to the localities, until the same shall be actually withdrawn from the bank of deposit, upon the check of the county treasurer or special deputy commissioner, by the fiscal officer of the locality entitled thereto, shall belong to the county or city represented by such treasurer or special deputy commissioner, and shall be placed to the credit of the general fund thereof as often as once in each three months. (*Subd. thus amended by L. 1909, ch. 240, § 54, in effect April 22, 1909, and ch. 281, in effect May 4, 1909.*)

Amendments of 1909 were identical and struck out "forty" and inserted "forty-one" in the third sentence.

§ 13. Local option to determine whether liquor shall be sold under the provisions of this chapter.

In order to ascertain the will of the qualified electors of each town, the following questions shall be submitted at each biennial town meeting hereafter held in any town in this state, provided the electors of the town to the number of ten per centum of the votes cast at the next preceding general election shall request such submission by written petition, signed and acknowledged by such electors before a notary public or other officer authorized to take acknowledgments or administer oaths, which petition shall be filed not less than twenty days before such town meeting with the town clerk of the town:

Question 1. Selling liquor to be drunk on the premises where sold.— Shall any person be authorized to traffic in liquors under the provisions of subdivision one of section eight of the liquor tax law, namely, by selling liquor to be drunk on the premises where sold, in (here insert the name of the town) ?

Question 2. Selling liquor not to be drunk on the premises where sold.— Shall any person be authorized to traffic in liquors under the provisions of subdivision two of section eight of the liquor tax law, namely, by selling liquor not to be drunk on the premises where sold, in (here insert the name of the town) ?

Question 3. Selling liquor as a pharmacist on a physician's prescription.— Shall any person be authorized to traffic in liquors under the provisions of subdivision three of section eight of the liquor tax law, namely, by selling liquor as a pharmacist on a physician's prescription, in (here insert the name of the town) ?

Question 4. Selling liquor by hotel keepers only.— Shall any person be authorized to traffic in liquors under subdivision one of section eight of the liquor tax law, but only in connection with the business of keeping a hotel, in (here insert the name of the town), if the majority of the votes cast on the first question submitted are in the negative ?

The town clerk shall, within five days from the filing of such petition in his office, prepare and file in the office of the county clerk of the county a certified copy of such petition, provided the town meeting at which such questions are to be submitted is to be held at the time of the general election. The town clerk shall also, at least ten days before the holding of such town meeting or general election, cause to be printed and posted in at least four public places in such town, a notice of the fact that all of the local option questions provided for herein will be voted on at such town meeting or general election; and the said notice shall also be published, at least five days before the vote is to be taken, once, in one newspaper published in the county in which such town is situate, which shall be a newspaper published in the town, if there be one. Whenever such questions are to be submitted under the provisions of this chapter, it shall be the duty of each officer charged by law with the duty of preparing the official ballots for such town meeting or election, to have prepared at the time fixed by law for preparing the official ballots for such town meeting or election, the ballots required by the election law for voting upon any constitutional amendment, proposition or question in the form and of the number required by the election law, upon the face of which

shall be printed in full the said questions, as heretofore stated. Any elector qualified to vote for town, county or state officers at such town meeting or general election shall be entitled to vote upon such local option questions. As soon as the town meeting or election shall be held, a return of the votes cast and counted shall be made as provided by law, and if the majority of the votes shall be in the negative or if the number of votes cast for and against shall be equal on either of such questions, no person shall thereafter so traffic in liquors or apply for or receive a liquor tax certificate under the subdivision or subdivisions of section eight, referred to in the question or questions upon which the number of votes cast for and against shall be equal or upon which the majority of the votes cast shall have been cast in the negative, except as provided by clause "j" of section thirty of this chapter. But if the majority of the votes cast on the fourth question submitted is in the affirmative, and a majority of the votes cast on the first question submitted is not in the affirmative, a liquor tax certificate may be granted under subdivision one of section eight to the keepers of hotels, who may traffic in liquor to be drunk in the hotel and off the premises, though the majority of the votes cast on the second question submitted is not in the affirmative. If the majority of the votes cast on the second question submitted shall be in the affirmative, the holder of a liquor tax certificate under subdivision two of section eight, who is a pharmacist, shall not sell as a pharmacist unless the majority of the votes cast on the third question submitted is in the affirmative. The status existing at the time such vote is taken upon questions submitted shall not be changed until the first day of October following next thereafter, prior to which time such vote shall neither authorize the issuance of liquor tax certificates in accordance therewith or preclude the issuance of such certificates in accordance with the result of the preceding vote on such questions submitted, nor shorten the term for which any liquor tax certificate may have been lawfully issued, nor affect the rights of any person thereunder. If for any reason except the failure to file any petition therefor, the four propositions provided to be submitted herein to the electors of

a town shall not have been properly submitted at such biennial town meeting, such propositions shall be submitted at a special town meeting duly called. But a special town meeting shall only be called upon filing with the town clerk the petition aforesaid and an order of the supreme or county court, or a justice or judge thereof, respectively, which may be granted upon eight days' notice to the state commissioner of excise, sufficient reason being shown therefor. Upon any application for such order, the town board, or any taxpayer in the town, may intervene as a party and be heard in opposition thereto. The town clerk shall within five days after the filing of such petition and order, call a special town meeting to be held at a time not less than twenty days nor more than thirty days after the filing of such petition and order, and he shall also cause to be printed, posted and published a notice of such special town meeting, containing a clear and concise statement of the purpose thereof, and shall prepare ballots therefor in all respects as is provided by this chapter in the case of a biennial town meeting, and the result of the vote thereat shall be canvassed, certified and returned in like manner and shall take effect at the beginning of the next excise year, that is, on the first day of October following such vote, as is provided when a vote is taken at a biennial town meeting. A certified copy of a statement of the result of the vote, upon each of such questions submitted, shall immediately after the submission thereof, be filed by the town clerk or other officer with whom returns of town meetings are required to be filed by the election law with the state commissioner of excise and also with the county treasurer of the county, or with the special deputy commissioner having authority, where traffic in liquor therein is lawful, to issue liquor tax certificates to be held in such town, and no liquor tax certificate shall thereafter be issued by such officer to any person to traffic in liquor in said town under such subdivision of section eight of this chapter upon which a majority of the votes may have been cast in the negative, except as otherwise provided in this chapter.

§ 14. Local option to determine whether liquors shall be sold under the provisions of this chapter in the several localities herein named. The board of trustees of the village of Stanford, Delaware county, are authorized and empowered by resolution to submit to the electors of such village the questions mentioned in section thirteen of this chapter, at every second annual charter election held in such village, dating from that held in the year eighteen hundred and ninety-nine. Whenever the board of trustees shall by resolution submit such questions to the electors of such village, the clerk of the village shall cause to be prepared ballots in the same form and manner as is provided in section thirteen of this chapter substituting the name of the village for the name of the town. The votes cast at any such meeting or election upon such questions shall be canvassed in the same manner as other questions or propositions submitted to a village meeting or election as provided by the charter of such village. If a majority of the votes upon either of such questions is in the negative, no liquor tax certificate shall be issued to any person within such village under the subdivision or subdivisions of section eight, upon which the vote shall be in the negative. If a majority of the votes upon either of such questions shall be in the affirmative, a liquor tax certificate shall be issued by the county treasurer, under the subdivision or subdivisions of this chapter upon which the vote shall be in the affirmative to an applicant therefor residing within such village upon the compliance with the provisions of this chapter by such applicant. The traffic in liquors in such village, except as prescribed in this paragraph, is subject to the provisions of this chapter. The electors of such village shall not vote upon questions relating to the sale of liquors at any town meeting. The questions relating to the sale of liquors in the several towns in the counties of Sullivan, Orange and Rockland, as prescribed in section thirteen of this chapter, may be submitted in such towns biennially, at the town meeting held at the time of the general election dating from that held in the year nineteen hundred and one, and liquor tax certificates shall be issued pursuant to the vote upon the questions so submitted, as provided by this chapter.

§ 15. Statements to be made upon application for liquor tax certificates. Every person to become liable for a tax under subdivision one, two, three, six or seven of section eight of this chapter assessed on the first day of October, of each year, shall on or before the fifteenth day of September next preceding; and every person to become liable for any portion of such tax assessed after said date shall sufficiently in advance thereof prepare and make upon the blank which shall be furnished by the county treasurer of the county or by the special deputy commissioner of excise, if there be one, upon application therefor, a statement which shall be given to such county treasurer or special deputy, signed and sworn to by such applicant or applicants, or by the person making such application in behalf of a corporation or association, stating:

1. The name of each applicant, and if there be more than one and they be partners, also their partnership name, and the age and residence of the several persons so applying, and the fact as to his citizenship.

2. The name and residence of every person interested or to become interested in the traffic in liquors for which the statement is made, unless such applicant be a corporation or association, in which case the person making the application in behalf of the corporation or association shall set forth, instead, the name of the corporation or association, the state under the laws of which it is organized, and the nature of his authority to act for such corporation or association.

3. The premises where such business is to be carried on, stating the street and number, if the premises have a street and number, and otherwise such apt description as will reasonably indicate the locality thereof, and also the specific location on the premises of the bar or place at which liquors are to be sold.

4. Under which subdivision of section eight of this chapter the traffic in liquors is to be carried on, and what, if any, other business is to be carried on in connection therewith, or on the same premises, by the applicant or any other person; and also what, if any, other business is to be carried on by the applicant or by

another in any room adjoining, which is not entirely separated from the room in which the traffic in liquors is to be carried on, by solid partition at least three inches thick extending from floor to ceiling, without any opening therein.

5. And a statement that such applicant has not been convicted of a felony; has not been convicted of a violation of this law within three years prior to the date of such application; does not, as owner or agent, carry on, or permit to be carried on, nor is interested in any traffic, business or occupation, the carrying on of which is a violation of law, and may lawfully carry on such traffic in liquors upon such premises, under such subdivision, and is not within any of the prohibitions of this chapter. Also how many buildings occupied exclusively as dwellings there are, the nearest entrance to which is within two hundred feet measured in a straight line, of the nearest entrance to the premises where the traffic in liquors is intended to be carried on, and whether the applicant intends to traffic in liquors under the certificate applied for in any building, yard, booth, or other place, which is on the same street or avenue and within two hundred feet of a building occupied exclusively as a church or schoolhouse, and if either question is answered affirmatively that there are any such dwellings, church or school buildings then said applicant shall also state whether such traffic in liquors, was actually lawfully carried on in such premises on March twenty-third, eighteen hundred and ninety-six, and if yes, the date since which said premises have been continuously occupied for such traffic in liquors; also whether said premises were actually occupied as a hotel on March twenty-third, eighteen hundred and ninety-six, and if yes, the date since which said premises have been continuously occupied as a hotel; also whether any liquor tax certificate for traffic in liquors in such premises has been revoked or forfeited since the first day of May, nineteen hundred and five; and if yes, the date of the entry of the latest final order revoking or the date of the latest conviction or judgment forfeiting the same, and whether the violation for which such revocation, conviction or forfeiture was had was that the certificated premises had been suffered or permitted to

be disorderly or that gambling had been suffered or permitted therein. (*Subd. thus amended by L. 1909, ch. 281, in effect May 4, 1909.*)

Amendment of 1909 struck out a comma between "actually" and "lawfully" in second sentence.

6. There shall also be so filed simultaneously with said statement, a consent in writing that such traffic in liquors be so carried on in such premises, executed by the owner of the premises, or by his duly authorized agent, and acknowledged as are deeds entitled to be recorded; except in cases where such traffic in liquors was actually lawfully carried on in said premises so described in said statement on the twenty-third day of March, eighteen hundred and ninety-six, in which case such consent shall not be required.

7. If such traffic is to be carried on in any building or place owned by the public, or in any building or place situate on land owned by the public, such applicant or applicants shall at the same time file with such county treasurer, or special deputy, the written consent of the authorities having the custody and control of such building, and of the land on which it is situated for the traffic in liquors therein.

8. When the nearest entrance to the premises described in said statement as those in which traffic in liquors is to be carried on is within two hundred feet, measured in a straight line, of the nearest entrance to a building or buildings occupied exclusively for a dwelling, there shall also be filed simultaneously with said statement a consent in writing that such traffic in liquors be so carried on in said premises during a term therein stated, executed by the owner or owners, or by a duly authorized agent or agents of such owner or owners of at least two-thirds of the total number of such buildings within two hundred feet so occupied as dwellings, and acknowledged as are deeds entitled to be recorded, except that such consent shall not be required in cases where such traffic in liquor was actually lawfully carried on in said premises so described in said statement on the twenty-third day

of March, eighteen hundred and ninety-six, nor shall such consent be required for any place described in said statement which was occupied as a hotel on said last mentioned date, notwithstanding such traffic in liquors was not then carried on thereat. Whenever the consent required by this section shall have been obtained and filed as herein provided, unless the same be given for a limited term, no further or other consent for trafficking in liquor on such premises shall be required so long as such premises shall be continuously occupied for such traffic.

If a liquor tax certificate shall be revoked and canceled under section twenty-seven of this chapter, or forfeited under any other section of this chapter, after the first day of May, nineteen hundred and five, the traffic in liquors shall not thereafter be carried on at the premises for which such certificate was issued, nor any liquor tax certificate obtained therefor so long as said premises continue to be occupied, not exceeding one year, by the person who was the holder of the forfeited certificate at the time of the commission of the act complained of, or occupied by a member of his family, his agent or by any person in his employ, or representing him, or so long as the said former certificate holder shall be interested in the traffic in liquors to be continued at said premises under a new certificate, unless there shall be obtained and filed simultaneously with the application statement for such certificate, a consent in writing that such traffic in liquors be so carried on in said premises, as required by the general provisions of this subdivision, notwithstanding such traffic in liquor may have been actually lawfully carried on in said premises on the twenty-third day of March, eighteen hundred and ninety-six, or said premises occupied as a hotel on said last mentioned date, and notwithstanding the consents required by this subdivision, given for an unlimited term, shall have been previously obtained and filed; and if the violation of law for which the cancellation or forfeiture of said certificate was had was that the holder thereof, or his agent, had suffered or permitted said certificated premises, or any yard, booth, garden or any other place appertaining thereto or

connected therewith, to become disorderly, or had suffered or permitted any gambling in the place designated by the liquor tax certificate as that in which the traffic in liquors was to be carried on, or in any yard, booth, garden or any other place appertaining thereto or connected therewith, no new certificate shall be issued for said premises to any person for the period of one year from the date of the entry of a final order canceling such certificate, or from the date of the conviction of the certificate holder for such crime committed on said premises; provided that the discontinuance of traffic in liquors for one year or less, by reason of the provisions of this section, shall not operate or be construed to forfeit any right of traffic which, under the provisions of this section, attached to the place for which such forfeited or revoked certificate was held. (*Subd. thus amended by L. 1909, ch. 281, in effect May 4, 1909.*)

Amendment of 1909 made no changes whatever. Subdivision was apparently included in amendatory act by inadvertence.

9. If the traffic in liquors is to be carried on in connection with the business of keeping a hotel, the applicant shall also show by his application that all the requirements of section thirty hereof, defining hotels, have been complied with.

10. When such applicant shall be a duly licensed pharmacist desiring to traffic in liquors as such, under subdivision three of section eight of this chapter, he shall file with such county treasurer, or special deputy commissioner, in addition to the other statements required by this chapter, a verified statement also showing that said applicant is a licensed pharmacist in good standing, actually carrying on and doing business as a pharmacist on his own account at the place or store where he desires to so traffic in liquor, that the principal business which will be transacted by said applicant in said place or store, during the period to be covered by the certificate applied for, is the dispensing and retailing of drugs and medicines, that said applicant has not, during the year last past, allowed any liquor so sold in said place or store to be drunk therein, or otherwise violated any of the pro-

visions of this chapter. Every person liable for a tax under subdivision four of section eight of this chapter shall, on or before the first day of October of each year, prepare and make upon a blank, which shall be furnished by the state commissioner of excise, such statement in regard to carrying on such traffic as the commissioner may require, including the statement required under clauses one, two and five of this section, which statement shall be given to the state commissioner of excise, signed and sworn to by such applicant or applicants, or by the person making such application in behalf of a corporation or association.

11. Upon receiving such statement, the same shall be filed in the office of such county treasurer, special deputy commissioner of excise, or state commissioner of excise, to whom the same is given as herein provided, who shall indorse thereon the date of the receipt of the same, the amount of tax paid by or on behalf of said applicant, the date of the issuing of the liquor tax certificate thereon, the number of the same, the premises where such business is to be carried on, and under which subdivision of section eight said certificate is issued. Said indorsement shall be signed by the said county treasurer, special deputy commissioner of excise, or state commissioner of excise, in whose office the same is filed, and such indorsement shall be received in evidence in all courts of this state and shall be competent and sufficient prima facie evidence of all the facts stated therein.

§ 16. Bonds to be given. Each person taxed under this chapter, shall, at the time of making the application provided for in section fifteen of this chapter, file in the office of the county treasurer of the county in which such traffic is to be carried on, or in the office of the special deputy commissioner of excise, if there be one, or if the application be under subdivision four of section eight of this chapter, with the state commissioner of excise, a bond to the people of the state of New York, in the penal sum of the amount plus one-half of the tax for one year upon the kind of traffic in liquor to be carried on by such applicant, where carried

on, but in no case for less than five hundred dollars, conditioned that there is no material false statement in the application statement for such liquor tax certificate, and that if the liquor tax certificate applied for is given, the applicant or applicants will not, while the business for which such liquor tax certificate is given shall be carried on, suffer or permit any gambling in the place designated by the liquor tax certificate in which the traffic in liquors is to be carried on, or in any yard, booth, garden or any other place appertaining thereto or connected therewith, or suffer, permit or have any opening or means of entrance or passageway for persons or things between the room where the traffic in liquors is carried on, and any other room or place where any person whosoever suffers or permits any gambling, or suffer or permit such premises to become disorderly, or suffer, permit or have any opening or means of entrance or passageway for persons or things between the room or place where the traffic in liquors is carried on, and any other room or place which any person whosoever suffers or permits to become disorderly, and will not violate any of the provisions of this chapter or any act amendatory thereof or supplemental thereto; and that all fines and penalties which shall accrue during the time the certificate applied for is held, and any judgment or judgments recovered therefor, will be paid, together with all costs taxed or allowed in any action or proceeding brought or instituted under the provisions of this chapter. Such bond shall be executed by each such applicant, and if given by a corporation or association, by some person or persons duly authorized so to do as principal, and by at least two sureties who shall be freholders severally owning within the county, city or borough where the traffic in liquors is to be carried on, under the certificate applied for, unencumbered real estate of the value of not less than the penalty of the bond and who shall be residents of the county, city or borough in which the premises are where such traffic is to be carried on, or instead of such sureties, by a corporation duly authorized to issue surety bonds by the laws of this state and approved by the state commissioner of excise, but

the state commissioner shall not withhold such approval except in the case of a corporation which is of questionable solvency or which has defaulted in the payment for more than thirty days after notice of entry of a judgment recovered by the state commissioner of excise under this chapter. The bond, if given by two sureties, shall have annexed thereto or indorsed thereon the affidavit of each surety that he is not engaged in the traffic in liquors nor employed in the conduct of such business, that he is a freeholder and that he owns unencumbered real estate situate in the county, city or borough where the traffic in liquors is to be carried on under the certificate applied for, of the value of not less than the penalty of the bond, the location of which shall be described in said affidavit, and if in a city or village the street and number given, and that he is worth double the penal sum named in such bond over and above his property exempt by law from levy and sale upon an execution and over and above his just debts and liabilities. The state commissioner of excise may at any time without previous prosecution or conviction for violation of any provision of this chapter, or for the breach of any condition of said bond, commence and maintain an action, in his name, as such commissioner, in any court of record in any county of the state, for the recovery of the penalty for the breach of any condition of any bond or for any penalty or penalties incurred or imposed for a violation of this chapter, provided, however, that such action must be commenced within three years after the cause of action has accrued, and all moneys recovered in such actions shall be paid over and accounted for in the same manner as are moneys collected under subdivision four of section eight of this chapter, but no recovery shall be had in any action commenced hereafter on any bond filed and approved by the certificate issuing officer subsequent to April second, nineteen hundred and three, for more than the amount, plus one-half, of the tax for one year at the place for which the bond in suit was given, provided that no recovery on any such bond shall be for less than five hundred dollars.

§ 17. The payment of the tax and issuing of the tax certificate. When the provisions of sections fifteen and sixteen of this chapter have been complied with and the application provided for in section fifteen is found to be correct in form and does not show on the face thereof that the applicant is prohibited from trafficking in liquor under the subdivision of section eight under which he applies, nor at the place where the traffic is to be carried on, and the bond required by section sixteen is found to be correct as to its form and the sureties thereon are approved as sufficient by the county treasurer, or by the special deputy commissioner of excise, if there be one, then upon the payment of the taxes levied under section eight of this chapter the county treasurer of the county, or the special deputy commissioner of excise, if there be one, or if the application be made under subdivision four or five of section eight of this chapter, the state commissioner of excise shall, at least two days before the commencement of the period for which the tax is paid, or, if the period for which the tax is paid has already commenced, at once prepare and issue to the person making such application and filing such bond and paying such tax, a liquor tax certificate in the form provided for in this chapter, unless it shall appear by a certified copy of the statement of the result of an election held on the question of local option, pursuant to section thirteen of this chapter, in and for the town where the applicant proposes to traffic in liquors under the certificate applied for, or by material facts set forth in a certificate under the hand and seal of the state commissioner of excise, on file in the office of the special deputy commissioner or county treasurer, that the liquor tax certificate applied for cannot be lawfully held by the applicant or at the premises mentioned in the application as the place where traffic in liquors is proposed to be carried on, or unless it shall appear by the report filed pursuant to section thirty-two of this chapter with the special deputy commissioner of excise or county treasurer to whom the application is made that such liquor tax certificate can not be lawfully granted, in which case the application shall be refused.

§ 18. Form of liquor tax certificate. The liquor tax certificates shall be furnished by the state commissioner of excise to the several county treasurers, and to the special deputy commissioners, and shall be lithographed or engraved in a suitable manner, and on durable paper, and of the following form:

§ 19. Posting liquor tax certificate. Before commencing or doing any business for the time for which the excise tax is paid and the certificate is given, the said liquor tax certificate shall be inclosed in a suitable wood or metal frame, having a clear glass face and a substantial wood or metal back, so that the whole of said certificate may be seen therein and shall be posted up and at all times displayed in a conspicuous place in the room or bar where the traffic in liquors for which the tax was paid is carried on, so that all persons visiting such place may readily see the same, but if there be a door opening from the street into the room or barroom where the traffic in liquors is carried on and a window facing the street upon which such door opens, such certificate shall be displayed in such window, so it may be readily seen from the street. It shall be unlawful for any person holding a liquor tax certificate to post such certificate, or to permit such certificate to be posted upon premises other than those for which such certificate was issued or to which it has been transferred under section twenty-five of this chapter, or upon premises where traffic in liquors is being carried on by any person other than the holder of such certificate; or to knowingly deface or destroy any liquor tax certificate. Certificates issued by the state commissioner of excise to common carriers shall be framed and posted conspicuously at the bar, if on a boat, where the same may be readily seen by the passengers; if on a car, the certificate, together with any transfer permit of same, granted for such car, shall be framed and conspicuously posted in the car for which it was issued or to which it has been transferred, so that all passen-

gers may readily see the same. Whenever a certificate, issued in accordance with any of the provisions of this chapter, shall be lost or destroyed without fault on the part of the holder thereof or his agents or employees, a duplicate certificate in lieu thereof, under the original statement and bond, may be issued by the state commissioner of excise in his discretion and in accordance with such rules and regulations as he may prescribe. When the holder of a liquor tax certificate under this chapter, shall have presented the application and bond as required by sections fifteen and sixteen of this chapter, and paid the tax assessed by this chapter, not less than fifteen days before the time fixed for the expiration of such tax certificate, such holder of such tax certificate may continue to traffic in liquors pending the issue of the tax certificate, until notified in writing, by the officer charged with the duty of issuing such tax certificate, that such tax certificate so applied for will not be issued. If the application is refused the moneys thus paid shall be returned to the applicant within ten days from the receipt of the same, with said notice, by the said certificate issuing officer. To continue to traffic in liquor after such notice is received is a violation of this law and subjects the person violating to the penalties prescribed for trafficking in liquors without having a liquor tax certificate.

§ 20. Restrictions on the traffic in liquors in connection with other business. No corporation, association, copartnership or person engaged in carrying on the business of selling dry goods or groceries, or provisions, or drugs as a pharmacist, shall be assessed under subdivision one of section eight of this chapter, or receive a liquor tax certificate under such subdivision, unless it be to carry on the traffic in liquors under such subdivision one at some other building entirely distinct and separate from, and not communicating with the place where, and in which, such business of selling dry goods, groceries, provisions or drugs as a pharmacist is carried on, or if in the same building, then only in a room which is separated by partitions at least three inches thick, extending from floor to ceiling, with no

opening or means of entrance or communication between the room where the traffic in liquors is carried on and the store or rooms in which the selling of dry goods, groceries, provisions or drugs as a pharmacist is carried on, so that it is necessary to go into a public street before the one place can be entered upon leaving the other.

§ 21. Corporations, associations, copartnerships or persons who or which shall not traffic in liquors. No corporation, association, copartnership or person mentioned in this section shall traffic in liquors except as herein provided:

1. No person:

a. Who has been or shall be convicted of a felony, or knowingly has in his employ a person who has been so convicted; or

b. Who is under the age of twenty-one years; or

c. Who is not a citizen of the United States and a resident of the state of New York; or

d. Who shall be convicted for a violation of this chapter, until three years from the date of such conviction; or

e. Whose agent or employee shall be twice convicted for a violation of this chapter, until three years from the date of such second conviction.

2. No corporation or association incorporated or organized under the laws of another state or country; provided, however, that if such corporation or association be acting as a common carrier or be operating dining, buffet, parlor or sleeping cars in this state, it may be granted a liquor tax certificate under subdivision four of section eight of this chapter. And in case any car for which a liquor tax certificate is held shall be withdrawn from the service for repairs, or leave the state, such certificate may be temporarily transferred to a substitute car, in accordance with such rules and regulations as the state commissioner of excise shall prescribe, without payment of any transfer fee.

3. No copartnership, unless one or more of the members of such copartnership, owning at least one-half interest in the business thereof, shall be a resident of this state and a citizen of the United States.

4. No person who shall have a liquor tax certificate revoked, without conviction, in a civil proceeding under subdivision two of section twenty-seven of this chapter for a violation of any provision of this chapter, until the expiration of one year from the date of the entry of a final order canceling such certificate.

5. No corporation, association or copartnership which has been or shall be convicted for a violation of this chapter, nor if an officer, member or agent thereof has been or shall be twice convicted for a violation of this chapter, until three years from the date of such conviction.

6. No corporation organized under chapter five hundred and fifty-nine of the laws of eighteen hundred and ninety-five, and the acts amendatory thereof, or under any law which prior to May sixth, eighteen hundred and ninety-five, provided for the organization of societies or clubs for social, recreative or similar purposes, which traffics in liquors with any person other than the members thereof.

7. No person, who, as owner or agent, shall suffer or permit any gambling in the place designated by the liquor tax certificate as that in which the traffic in liquor is to be carried on, or in any yard, booth, garden or any other place appertaining thereto or connected therewith, or suffer, permit or have any opening or means of entrance or passageway for persons or things between the room where the traffic in liquors is carried on, and any other room or place where any person whosoever suffers or permits any gambling, or suffer or permit such premises to become disorderly, or suffer, permit or have any opening or means of entrance or passageway for persons or things between the room or place where the traffic in liquors is carried on, and any other room or place which any person whosoever suffers or permits to become disorderly, or carries on or permits to be carried on or is interested in any traffic, business or occupation, the carrying on of which is a violation of law. (*Thus amended by L. 1909, ch. 281, in effect May 4, 1909.*)

Amendment of 1909 added "or" at end of paragraph "d" in subd. 1, and struck out, in subd. 4, "corporation, association, copartnership or" before "person" and "which or" after "person" and substituted "of this chapter" for "thereof" after "provision".

§ 22. Certain officials not to be interested in manufacture or sale of liquors. It shall be unlawful for any excise commissioner, excise inspector, police commissioner, police inspector, captain, sergeant, roundsman, patrolman or other police official or subordinate of any police department or any commissioner of excise or inspector of excise, in the several villages, towns and cities of this state, to be either directly or indirectly interested in the manufacture or sale of spirituous or malt liquors, ales, wines or beer or to offer for sale, or recommend to any dealer therein, any spirituous or malt liquors, ales, wines or beer.

The solicitation or recommendation made to any dealer therein, to purchase any spirituous or malt liquors, ales, wines or beer by any excise commissioner, excise inspector, police official or subordinate as hereinabove described, shall be presumptive evidence of such official or subordinate being interested in the manufacture or sale of such spirituous or malt liquors, ales, wines or beer.

§ 23. Places in which traffic in liquor shall not be permitted. Traffic in liquor shall not be permitted:

1. In any building or upon any premises or lands established as a penal institution, protectory, industrial school, asylum, state hospital, state agricultural and industrial school, colony or institution established for the care or treatment of epileptics, or poorhouse, and if such building, premises or lands, other than a county jail or state prison, be situated in a town and outside the limits of an incorporated village or city, not within one-half mile of any building, premises or lands so occupied, provided there be such distance of one-half mile between such building, premises and lands and the nearest boundary line of such village or city; provided, however, that this prohibition shall not apply to any place within the above prescribed limit of a building, premises or lands occupied as a state hospital, if simultaneously with the filing of each application statement descriptive of such traffic, there shall be filed a consent in writing that such traffic in liquors be so carried on during the term stated in the application, executed by a majority of the board of managers, and the superintendent of such state hospital, and acknowledged as are deeds entitled to be recorded.

2. Under the provisions of subdivision one of section eight of this chapter, in any building, yard, booth or other place which shall be on the same street or avenue and within two hundred feet of a building occupied exclusively as a church or schoolhouse; the measurements to be taken in a straight line from the center of the nearest entrance of the building used for such church or school to the center of the nearest entrance of the place in which such liquor traffic is desired to be carried on; provided, however, that this prohibition shall not apply to a place which on the twenty-third of March, eighteen hundred and ninety-six, was lawfully occupied for a hotel, nor to a place in which such traffic in liquors was actually lawfully carried on at that date, nor to a place which at such time was occupied, or was in process of construction, by a corporation or association which traffics in liquors solely with the members thereof, nor to a place within such limit to which a corporation or association trafficking in liquors solely with the members thereof, at such date may remove; nor to any place within the above prescribed limit of a building occupied exclusively as a church, if, simultaneously with the filing of an application statement descriptive of such traffic, there shall be filed a consent in writing that such traffic in liquors be so carried on during a term therein stated, executed by the corporation, association or society using such building as a church, or the duly authorized agent thereof, and acknowledged as are deeds entitled to be recorded; but none of the exceptions under this subdivision shall apply to subdivision one of this section, or to any of the places enumerated in this subdivision which shall have had a liquor tax certificate for trafficking in liquors in such place revoked after the first day of May, nineteen hundred and five, or forfeited for any violation of law committed after the first day of May, nineteen hundred and eight, providing the violation of law for which such revocation or forfeiture was had was either that the certificated premises had been suffered or permitted to be disorderly or that gambling had been suffered or permitted therein, unless consent as hereinbefore provided shall thereafter be obtained and filed; nor

3. In any form, in, upon or from any vehicle, except as provided in subdivisions four and five of section eight of this chapter.

4. Upon any premises used for and as a cemetery.

§ 24. Surrender and cancellation of liquor tax certificates; payment of rebates; notice to police officials.

1. If a person holding a liquor tax certificate and authorized to sell liquors under the provisions of this chapter, against whom no complaint, prosecution or action is pending on account of any violation thereof, and who shall not have violated any provision of this chapter during the excise year for which such certificate was issued, shall voluntarily, and before arrest or indictment for a violation of this chapter, cease to traffic in liquors during the term for which the tax is paid under such certificate, such person or his duly authorized attorney may surrender such tax certificate to the officer who issued the same or to his successor in office provided that such tax certificate shall have at least one month to run at the time of such surrender; and provided that no rebate shall be allowed or paid upon the surrender and cancellation of a certificate issued under subdivisions three, five, six or seven of section eight of this chapter, and provided further, that the rebate thereon shall be computed for full months, less fifteen dollars, commencing with the first day of the month succeeding the one in which such certificate is surrendered, unless such surrender be on the first day of the month; and at the same time shall present to such officer a verified petition setting forth all facts required to be shown upon such application. Said officer shall thereupon compute the amount of rebate then due on said certificate for the unexpired term thereof, and shall execute duplicate receipts therefor showing the name of the person to whom such certificate was issued, the number thereof, date when issued, amount of tax paid therefor, and the date when surrendered for cancellation, together with the amount of rebate due thereon at such date as computed by him, the name of the person entitled to receive the rebate, the locality liable for one-half of such rebate, and the name and title of the fiscal officer

thereof. One of such receipts said officer shall deliver to the person entitled thereto, and the other of such receipts he shall immediately transmit, with the surrendered certificate and the petition for the cancellation thereof, to the state commissioner of excise. If within thirty days from the date of the receipt of such certificate by the state commissioner of excise, the person surrendering such certificate shall be arrested or indicted for a violation of this chapter, or proceedings shall be instituted for the cancellation of such certificate, or an action shall be commenced against him for penalties, such petition shall not be granted until the final determination of such proceedings or action; and if the said petitioner be convicted, or said action or proceedings be determined against him, said certificate shall be canceled and all rebate thereon shall be forfeited, but if such petitioner be acquitted, and such proceedings or action against him be dismissed on the merits then the state commissioner of excise shall prepare two orders for the payment of such rebate, one order for the one-half thereof, directed to the state treasurer, to be paid by him, on the certificate of the comptroller, and one order for the one-half of such rebate, directed to the fiscal officer of the proper locality, to be paid by such fiscal officer out of any excise or other moneys of such locality applicable thereto. If he have no such moneys of such locality in his possession or under his control, then the said fiscal officer shall at once borrow enough money upon the credit of the locality, and he is hereby authorized so to do, to pay said order, and shall pay the same. The money so borrowed shall be a lawful claim against such locality, to be paid as are other legal claims. The aforesaid orders, or the order on the said fiscal officer and the check of the state treasurer for said one-half of such rebate moneys, shall be transmitted to the officer who issued such canceled certificate, or to his successor in office, to be delivered to the holder of the duplicate receipt upon the surrender of such receipt, which receipt shall be immediately transmitted to the said state commissioner. Any rebate moneys due on the cancellation of certificates issued by the state commissioner of excise under subdivision four of section eight of this chapter shall be paid by

the state treasurer from any moneys applicable thereto, on the certificate or check of the state commissioner of excise, countersigned by the comptroller. If a corporation, association or copartnership holding a liquor tax certificate shall be dissolved, or a receiver or assignee be appointed therefor or a receiver, assignee or committee of the property of a person holding a liquor tax certificate be appointed during the time for which such certificate was granted, or a person holding a liquor tax certificate shall die during the term for which such tax certificate was given, such corporation, association, copartnership or receiver or assignee, or the administrator, or executor of the estate of such person, or the person or persons who may succeed to such business, or a committee of the property of a person adjudged to be incompetent, may in like manner surrender such liquor tax certificate; or they may continue to carry on such business, upon such premises, for the balance of the term for which such tax was paid and the certificate given, with the same right and subject to the same restrictions and liabilities as if such persons had been the original applicants for and the original owners of such liquor tax certificate, upon filing a statement and bond, as provided by sections fifteen and sixteen of this chapter, and not otherwise; but the liquor tax certificate under which such business is carried on shall have written or stamped across the face of the same, over the signature of the officer who issued the same or his successor in office, the words "(here insert the name of the person) is permitted to traffic in liquor as (here insert the representative capacity whether as assignee, receiver, executor, administrator or otherwise) of the original owner of this certificate for the unexpired term thereof."

2. It shall be the duty of any special deputy commissioner of excise or county treasurer, to whom a liquor tax certificate is surrendered for cancellation and rebate, to immediately serve a written or printed notice upon the commissioner of police, chief of police, or chief police officer of the city, borough or village in which the place for which the surrendered certificate was issued is situated, or upon the sheriff of the county and a constable of the town, in case the certificate was issued for a place situated in a

town and not within any city, borough or village, which notice shall include a statement of the number of the surrendered certificate, the name and place of residence of the holder of the certificate at the time of surrender, the location of the place for which the certificate was issued or to which it has been transferred, and was held at the time of surrender by street and number, if any, otherwise such apt description as will definitely locate the premises; the fact that such liquor tax certificate has been surrendered; that the traffic in liquors at said premises by any one is not authorized until a new certificate has been obtained therefor; and the date when such certificate was surrendered for cancellation. Such notice may be served by mail, by inclosing the same in a post-paid sealed envelope, duly addressed to such officer and shall be forwarded by registered letter. The special deputy commissioner or county treasurer making such service shall forward to the state commissioner of excise a copy of the notice served, with proof of service thereof, and shall attach thereto the registry receipt of the officer to whom addressed as soon as the same is received.

3. In case any person legally entitled to receive a liquor tax certificate under the provisions of this chapter, shall have already paid, or shall hereafter pay a sum therefor in excess of the amount required by section eight, such person or his legal representative or assigns, may present to the state commissioner of excise such proof of the payment of such excess as the state commissioner of excise may require, the date thereof, the original assignment, if any, of the claim to such excess, and a release of all claims thereon against the state of New York, the special deputy commissioner of excise or the county treasurer of the county, and the locality in which such trafficking was carried on. Upon the determination by the state commissioner of excise of the justice and validity of said claim, the state commissioner of excise is hereby authorized and directed to issue and deliver to such person, his legal representative or assigns, two orders for the payment of such excess, one order for such portion thereof as was received by the state, directed to the state treasurer, to be paid by him on the warrant of

the comptroller, and one order for such portion thereof as was received by the locality where such trafficking in liquors was carried on, directed to the fiscal officer of such locality, to be paid by such fiscal officer out of excise or other moneys of said locality applicable thereto. If the said fiscal officer have no such moneys of such locality in his possession or under his control, then the said fiscal officer shall at once borrow enough money upon the credit of the locality, and he is hereby authorized so to do, to pay said order, and shall pay the same. The money so borrowed shall be a lawful claim against such locality, to be paid as are other legal claims. That portion of the excess which was received by the state, shall be a charge upon and be paid out of the moneys appropriated for rebates.

§ 25. Changing the place of traffic. If a corporation, association, copartnership or person, having paid a tax and holding a liquor tax certificate, shall desire to transfer to and carry on such business for which the liquor tax certificate was issued in other premises than those designated in the original application, and in the tax certificate, but in the same city or town, and in premises where such traffic is not prohibited by this chapter, upon the making and filing of a new application and bond in the form and as provided for in sections fifteen and sixteen of this chapter, and the presentation of the tax certificate, the officer who issued the same or his successor in office, shall write or stamp over his signature across the face of the certificate the words, "The traffic in liquors permitted to be carried on under this certificate is hereby transferred from (here insert the description of the original locality) to (here insert the description of the new locality)."

§ 26. Voluntary sale of a liquor tax certificate. The corporation, association, copartnership or person to which or to whom any liquor tax certificate is issued, except a certificate issued under subdivisions three, five or six of section eight of this chapter, or their duly authorized attorney, may sell, assign and transfer such liquor tax certificate during the time for

which it was granted to any corporation, association, copartnership or person not forbidden to traffic in liquors under this chapter, nor under the subdivision of section eight under which such certificate was issued, which or who may thereupon carry on the business for which such liquor tax certificate was issued upon the premises described therein, if such traffic is not prohibited therein by this chapter, during the balance of the term of such tax certificate, with the same rights, and subject to the same liabilities as if such corporation, association, copartnership or person were an original applicant for such certificate and the original owner thereof, upon the making and filing of a new application and bond by such purchaser in the form and as provided for by sections fifteen and sixteen of this chapter, and the presentation of the tax certificate to the officer who issued the same or to his successor in office, who shall write or stamp across the face of the certificate over his signature the words "consent is hereby given for the transfer of this liquor tax certificate to (and here insert the name of the corporation, association, copartnership or person to which or to whom the same is transferred);" provided, however, that no such sale, assignment or transfer shall be made except in accordance with the provisions of this chapter, nor permitted by any holder of a certificate who shall have been convicted, or be under indictment, or against which or whom a complaint under oath shall have been made, and be pending, for violating the provisions of this chapter or who shall have violated any provision of this chapter. For each indorsement under sections twenty-four, twenty-five and twenty-six of this chapter, the officer making the same shall charge and receive the sum of ten dollars to be paid by the applicant, which sum shall be apportioned and accounted for as are taxes, as provided in sections ten and eleven of this chapter.

§ 27. Certiorari upon refusal to issue or transfer liquor tax certificates, and of the revocation and cancellation of a liquor tax certificate. 1. Whenever any officer charged with the duty of issuing or consenting to a

transfer of a liquor tax certificate under the provisions of this chapter shall refuse to issue or transfer the same, such officer shall indorse upon the application therefor, or attach thereto a statement of his reasons for such determination, and shall, if requested, furnish to the applicant a copy of such statement. Such applicant shall have the right to a writ of certiorari to review the action of such officer. The writ may be issued by, returnable to, and heard by a county judge of the county, or a justice of the supreme court of the judicial district in which the premises are situated in which the applicant desires to carry on the business of trafficking in liquors. If the writ be granted, the officer to whom it is directed shall in his return thereto, include copies of all the papers on which his action was based, and a statement of his reasons for refusing to grant such application. If such judge or justice shall upon the hearing determine that such application for a liquor tax certificate or for a transfer has been denied by such officer without good and valid reasons therefor, and that under the provisions of this chapter such liquor tax certificate should be issued or transferred, such judge or justice may make an order commanding such officer to grant such application and to issue or transfer such liquor tax certificate to such applicant upon the payment of the tax or fee therefor.

2. At any time after a liquor tax certificate has been issued to any person under section eight of this chapter, said liquor tax certificate may be revoked and canceled if material statements in the application of the holder of such certificate were false, or if the consents required by section fifteen are not properly filed as required by said section, or if the holder of said certificate was not for any reason entitled to receive or hold the same, or to traffic in liquors, or if any provision of this chapter is violated at the place designated in said certificate as the place where such traffic is to be carried on by the holder of said certificate, or by his agent, servant, bartender or any person whomsoever in charge of said premises, or if the holder of said certificate shall violate any of the provisions of this chapter at any place. For the purpose

Of obtaining such an order, the state commissioner of excise, the deputy state commissioner of excise, or any taxpayer of the city, borough, village or town for which such liquor tax certificate was issued may present a verified petition to a justice of the supreme court, or a special term of the supreme court of the judicial district, or the county court or judge of the county in which such traffic in liquors is designated to be carried on, or in which the holder of such certificate resides, or, if such holder of a liquor tax certificate is authorized to traffic in liquor under subdivision four or five of section eight of this chapter, to a justice of the supreme court of the judicial district in which the principal office within this state of the corporation, association, copartnership or person is located, for an order revoking and canceling such certificate upon either or all of the grounds hereinbefore stated. Such petition shall state the facts upon which such application is based, and the state commissioner of excise shall be made a party to the proceeding, and from all other parties thereto shall be entitled to due notice of all proceedings, and shall be duly served with copies of all papers and pleadings where such notice of proceedings is not given to, and such service of papers and pleadings is not made upon, an attorney appearing therein upon his behalf pursuant to a designation under section seven of this chapter. Upon the presentation of the petition, the justice, judge or court shall grant an order requiring the holder of such certificate to show cause before such justice, judge or court, or before a special term of the supreme court of the judicial district, on a day specified therein, not more than ten days after the granting thereof, why an order revoking and canceling such liquor tax certificate should not be granted; and said order shall also contain an injunction restraining the said certificate holder from transferring or surrendering such certificate for rebate, except as is hereinafter provided, until the final determination of the proceeding. Before granting such order to show cause or at any time during the pendency of said proceeding, upon motion of any party thereto on not less than five days' notice, said justice, judge or court may as a matter of discretion, if the petitioner be a tax-

payer other than the state commissioner or deputy state commissioner of excise, order him to present a bond to the people of the state of New York, with sufficient sureties, in a penal sum of not more than five hundred dollars nor less than one hundred dollars, as said justice, judge or court shall direct, to be approved by the said justice, judge or court and filed in the office of the state commissioner of excise, together with a copy of the order requiring such bond, within five days thereafter, conditioned that the said proceeding will be prosecuted to a final determination without delay, and will not be suspended, compromised, settled or discontinued except in pursuance of an order of the court as provided herein, and the state commissioner of excise may commence and maintain an action for the full penalty thereof on account of the breach of any condition of said bond as though such bond were given under section sixteen of this chapter. A copy of such petition and order shall be served upon the holder of such certificate, and the officer issuing the same, or his successor in office, and upon the state commissioner of excise, in the manner directed by such order, not less than five days before the return day thereof. On the day specified in such order, the justice, judge or court before whom the same is returnable shall grant such order revoking and canceling the said liquor tax certificate, unless the holder of said liquor tax certificate shall present and file an answer to said petition, which answer denies each and every violation of this chapter alleged in the petition, and raises an issue as to any of the facts material to the granting of such order, in which event the said justice, judge or court shall hear the proofs of the parties in relation to the allegations of the petition or answer. If the said evidence establishes any of the facts hereinbefore set forth as sufficient to revoke and cancel a certificate, an order shall be granted by said justice, judge or court revoking and canceling such certificate. Said order shall also provide that the holder of said liquor tax certificate, or any other person having such certificate in his possession or under his control, shall forthwith surrender said certificate to the officer who issued the same, or to his successor in office. A criminal prosecution and conviction for any

violation of this chapter shall not be a condition precedent to the granting of an order revoking and canceling any liquor tax certificate for any violation of this chapter. Upon the entry of such order in the county clerk's office of the county in which the traffic in liquors is authorized to be carried on under the certificate so revoked, and filing a copy thereof with the officer who issued such certificate, or his successor in office, and the service of a certified copy thereof upon the holder of said liquor tax certificate, or such substituted service as the court, judge or justice may direct, all the rights of the holder of said liquor tax certificate under such certificate, to traffic in liquors or to any rebate thereon under this chapter, shall cease; and the holder of said liquor tax certificate, or any other person having such certificate in his possession or under his control, upon whom service of a certified copy of said order shall be made in like manner, shall immediately surrender said certificate to the officer who issued the same, or to his successor in office. The neglect or refusal on the part of any person to surrender said certificate in pursuance of such order immediately upon the service thereof, shall be a contempt of court, punishable in the manner provided by the judiciary law. Upon the granting, entry and service of an order revoking and canceling a liquor tax certificate issued under subdivision three of section eight to any person who is a licensed druggist or licensed pharmacist, such person shall, in addition to the other penalties prescribed by this chapter, forfeit the use of his license as such druggist or pharmacist for the term of one year and be deprived of all rights and privileges thereunder during such period, and such license shall be surrendered with the liquor tax certificate so revoked and canceled, to be held by the officer to whom the same is surrendered, or his successor in office until the expiration of such period of suspension; and upon the granting, entry and service of an order revoking and canceling a liquor tax certificate issued to any person who is not a licensed druggist or a licensed pharmacist, but is in copartnership with or has such licensed druggist or licensed pharmacist in his employ at the place for which such liquor tax certificate was issued, and it shall appear

from said order that any violation of this chapter has been committed by such licensed druggist or licensed pharmacist, or with his knowledge or consent at the place for which such liquor tax certificate was issued, the license of such druggist or pharmacist shall be similarly forfeited and surrendered. For the term of one year thereafter, no liquor tax certificate shall be issued to any person to traffic in liquors under subdivision three of section eight of this chapter, at the place for which such revoked and canceled liquor tax certificate was issued. The neglect or refusal on the part of any person to surrender his said license immediately upon the service of such order shall be a contempt of court, punishable in the manner provided by the judiciary law. Costs upon such proceeding may be awarded in favor of and against the petitioner or the certificate holder, in such sums as in the discretion of the justice, judge or court before which the petition is heard, may seem proper. At the time of the return of the show cause order, or at any time thereafter during the pendency of the proceeding upon five days' notice to the certificate holder by any party, the justice, judge or court granting the same may grant an injunction order restraining the certificate holder, his agents and servants from trafficking under the certificate or certificates sought to be canceled in the proceeding, or at the place or places for which the same were issued, and requiring that the said certificate or certificates be immediately delivered to the officer who issued the same, to be held until the final determination of the proceeding, provided that, if the material allegations of the petition be upon information and belief, the justice, judge or court must require the presentation of one or more affidavits containing positive averments made by witnesses having personal knowledge of facts constituting one or more of the violations of law set forth in the petition. Before granting such injunction order said justice, judge or court may, if the petitioner be a taxpayer other than the state commissioner or deputy state commissioner of excise, require him to file a bond, with sufficient sureties, to the certificate holder, to be approved by the justice, judge or court, conditioned that, in case the certificate holder is successful in the proceeding, the petitioner will pay all costs taxed and allowed, and all damages not exceeding the sum of two hundred and fifty dollars. Such

injunction order shall be served upon the certificate holder as provided therein, and failure to comply with its requirements shall be a contempt of court. No proceeding instituted for the cancellation of a liquor tax certificate shall be suspended, compromised, settled or discontinued except by order of the justice, judge or court before whom or which the same is pending, upon not less than eight days' written notice to all parties, including the state commissioner of excise, of the time and place, when and where application for such order will be made. The granting of such order or discontinuance must be for sufficient cause in the discretion of the justice, judge or court, which must be recited therein, and shall be upon such terms and conditions as shall be prescribed in the order. If any person shall attempt or offer to make any settlement or compromise of any such proceeding, except as above provided, or shall demand, or receive, or offer to receive, directly or indirectly, any money or other thing of value as a consideration for not commencing or prosecuting any proceeding for the cancellation of a liquor tax certificate, he shall be guilty of a misdemeanor, and, upon conviction, shall be subject to the same penalties prescribed in subdivision one of section thirty-six of this chapter. In case a liquor tax certificate is surrendered pursuant to an injunction order or otherwise during the pendency of a cancellation proceeding, and the petitioner shall be unsuccessful therein, the final order shall provide that a pro rata rebate be computed by the state commissioner of excise for the actual time that traffic has been suspended under the injunction order, and the said state commissioner shall prepare two orders for the payment of such rebate, one order for the one-half thereof directed to the state treasurer, to be paid by him on the certificate of the comptroller, and one order for the one-half of such rebate directed to the fiscal officer of the proper locality, to be paid by such fiscal officer out of any excise or other moneys of such locality applicable thereto, as provided in section twenty-four of this chapter in case of voluntary surrender of a certificate. (*Subd. thus amended by L. 1909, ch. 281, in effect May 4, 1909.*)

Amendment of 1909 struck out "corporation, association, copartnership or" before "person" in the sentence beginning with "For the term", on page 674, inserted "whom or" in sentence beginning with "No proceeding," on page 675, and changed "thirty-five" to "thirty-six" in next to the last sentence.

§ 28. Injunction for unlawful trafficking in liquors or without liquor tax certificate. If any person shall unlawfully traffic in liquor without obtaining a liquor tax certificate, as provided by this chapter, or shall traffic in liquors contrary to any provision of this chapter, the state commissioner of excise, the deputy commissioner, or any taxpayer residing in the city, borough, village or town, may present a verified petition to a justice of the supreme court or a special term of the supreme court of the judicial district in which such county is situated, or the county court or judge of the county in which such traffic in liquors is carried on, for an order enjoining such person from trafficking in liquor thereafter. Such petition shall state the facts upon which such application is based. Upon the presentation of the petition, the justice, judge or court shall grant an order requiring such person to appear before such justice, judge or court, or before a special term of the supreme court of the judicial district, on the day specified therein, not more than ten days after the granting thereof, to show cause why such person should not be permanently enjoined from trafficking in liquor, until a liquor tax certificate has been obtained, in pursuance of law, or why such person should not be permanently enjoined from trafficking in liquors contrary to the provisions of this chapter. A copy of such petition and order shall be served upon the person, in the manner directed by such order, not less than five days before the return day thereof. On the day specified in such order, the justice, judge or court before whom the same is returnable shall hear the proofs of the parties, and may, if deemed necessary or proper, take testimony in relation to the allegations of the petition. If the justice, judge or court is satisfied that such person has unlawfully trafficked in liquor without having obtained a liquor tax certificate, as provided by this chapter, or contrary to the provisions of this chapter, an order shall be granted enjoining such person from thereafter trafficking in liquor, contrary to the provisions of this chapter, or without obtaining a liquor tax certificate. If, after the entry of such order in the county clerk's office of the county in which the principal place of business of the corporation, association, or copartner-

ship is located, or in which the person so enjoined resides or traffics, and the service of the copy thereof upon such person, or such substituted service as the court may direct, such person shall, in violation of such order, traffic in liquor, such traffic shall be deemed a contempt of court and punishable in the manner provided by the judiciary law. Costs upon the application for such injunction may be awarded in favor of and against the parties thereto in such sums as in the discretion of the justice, judge or court before whom or which the petition is heard may seem proper. No proceeding under this section shall be taken, however, for a violation of section nineteen of this chapter, against any holder of a liquor tax certificate who shall have made proper application for a new certificate, during the days of grace allowed under the provisions of said section nineteen. (*Thus amended by L. 1909, ch. 281, in effect May 4, 1909.*)

Amendment of 1909 struck out "corporation, association, copartnership or" before "person" in various places throughout the section and inserted "whom or" in next to last sentence.

§ 29. Persons to whom liquor shall not be sold or given away. No corporation, association, copartnership or person, whether taxed under this chapter or not, shall sell, deliver or give away or cause or permit or procure to be sold, delivered or given away any liquors to:

by the mayor or chief of police of a city shall apply only in the case of a person who has been convicted of a felony or misdemeanor five or more times, which fact shall be stated in said notice;

Such prescription shall not be made unless the physician is satisfied that the liquor furnished is necessary for the health of the person for whose use it is prescribed, and that fact must be stated in the prescription.

It shall not be lawful for any person, whether having paid such tax or not, to sell, offer or expose for sale, or give away, any liquor:

B. On any other day between one o'clock and five o'clock in the morning; or

C. On any day of a general or special election, or city election or town meeting, or village election, within one-quarter of a mile of any voting place, while the polls for such election or town meeting shall be open; unless said special election is held for a legislative office within the limits of a city, in which event the provisions of this section shall apply only to the territory within which the special election is being actually held and to a distance of two hundred and fifty feet in every direction from every boundary of said territory; or

D. Within two hundred yards of the grounds or premises upon which any state, county, town or other agricultural or horticultural fair is being held, unless such grounds or premises are within the limits of a city containing one hundred and fifty thousand inhabitants or more; or

F. To permit any girl or woman, or any minor under the age of eighteen years, not a member of his family, or to knowingly permit any person who has been convicted of a felony, to sell or serve any liquor upon the premises; or to permit any person described in section twenty-nine of this chapter as "persons to whom

liquor shall not be sold or given away" to enter and remain in any barroom where liquors are sold; or

G. H. To have during the hours when the sale of liquor is forbidden any screen or blinds, or any curtain or article or thing covering any part of any window; or to have in, near to or back of any window or door any opaque or colored glass or article or thing that obstructs or in any way prevents a person passing from having a full view from the sidewalk, alley, or road in front of, or from the side, or end of the building, of the bar and room, or any part of such bar and room, where liquors are sold or kept for sale; or to traffic in liquors in any interior bar or room or place not having in the principal door of entrance to such room or bar, a section of such door fitted with clear glass, through which, during prohibited hours and times, a clear, unobstructed view of the bar and room where liquors are sold and kept for sale can be had. And it shall be unlawful to have at any time in the room where liquors are sold any inclosed box or stall or any obstruction which prevents a full view of the entire room by every person present therein; or

I. For the holder of a liquor tax certificate under subdivision four of section eight to sell liquor except to passengers in actual transit; or

J. therefrom, in such town, may sell such liquor in quantities of two wine gallons or more, but only for delivery outside of such town, except that such liquors may be sold and delivered in such town to the holder of a liquor tax certificate under subdivision three of section eight of this chapter, as provided in subdivision seven of section eight of this chapter; or

K. To solicit, accept or procure in a town in which a liquor tax certificate is prohibited under questions one, two, and four of section thirteen of this chapter, as the result of a vote on "questions submitted," an order to deliver or send to another, or for another, liquor in any quantity, where the person for whom such liquor is procured resides in any such town.

The provisions of clauses A, B, C and D of this section are subject, however, to the following exceptions: The holder of a liquor tax certificate under subdivision two or three of section eight of this chapter who is a legally licensed pharmacist may sell liquor for medicinal purposes, only upon the prescription of a duly licensed physician, which prescription shall be preserved by the vendor and pasted in a book and be but once filled, and that only on the day when dated and given, which book shall be kept in the same room where the traffic in liquors is carried on, and shall be open to the inspection of any special agent or peace officer, and such liquors so sold shall not be drunk on the premises where sold, or in any outbuilding, yard, booth or garden appertaining thereto or connected therewith, except when such physician prescribes it to be used upon such premises in case of an accident, and provided further that the physician giving such prescription, shall not be the pharmacist himself or a member of the corporation, association or copartnership selling such liquor, nor in his or their employ, and such prescription shall not be given unless the physician is satisfied that the liquor to be furnished is necessary for the health of the person for whom it is prescribed, which fact must be stated in the prescription. Clauses A, C and D of this section are subject to the following exceptions:

The holder of a liquor tax certificate under subdivision one of section eight of this chapter who is the keeper of a hotel, may

sell liquor to the guests of such hotel, except to such persons as are described in clauses one, two, three, four, five and six of section twenty-nine of this chapter, with their meals, or in their rooms therein, except between the hours of one o'clock and five o'clock in the morning, but not in the barroom or other similar room of such hotel; and the term "hotel" as used in this chapter shall mean a building regularly used and kept open as such for the feeding and lodging of guests, where all who conduct themselves properly and who are able and ready to pay for their entertainment, are received if there be accommodations for them, and who, without any stipulated engagement as to the duration of their stay, or as to the rate of compensation, are, while there, supplied, at a reasonable charge, with their meals, lodgings, refreshment and such service and attention as are necessarily incident to the use of the place as a temporary home, and in which the only other dwellers shall be the family and servants of the hotel keeper; and which shall conform to the following requirements, if situate in a city, incorporated village of twelve hundred or more inhabitants, or within two miles of the corporate limits of either:

1. The laws, ordinances, rules and regulations relating to hotels and hotel keepers, including all laws, ordinances, rules and regulations of the state or locality pertaining to the building, fire and health department in relation to hotels and hotel keepers, shall be fully complied with.

2. Such buildings shall contain at least ten bedrooms above the basement, exclusive of those occupied by the family and servants, each room properly furnished to accommodate lodgers, and separated by partitions at least three inches thick, extending from floor to ceiling, with independent access to each room by a door opening into a hallway, each room having a window or windows with not less than eight square feet of surface opening upon a street or open court, light-shaft or open air, and each having at least eighty square feet of floor area, and at least six hundred cubic feet of space therein; a dining room with at least three hundred square feet of floor area, which shall not be a part of the barroom, with tables, and having suitable table furniture and accommodations

for at least twenty guests therein at one and the same time, and a kitchen and conveniences for cooking therein sufficient to provide bona fide meals at one and the same time for twenty guests. The same requirements shall apply to a hotel situate in any other place, except that the number of bedrooms for guests shall not be less than six, and the dining room shall have not less than one hundred and fifty square feet of floor area and the kitchen accommodations shall be sufficient for at least ten guests. A guest of a hotel, within the meaning of this exception to section thirty of this chapter, is:

1. A person who in good faith occupies a room in a hotel as a temporary home and pays the regular customary charges for such occupancy, but who does not occupy such room for the purpose of having liquor served therein; or

2. A person who, during the hours when meals are regularly served therein, resorts to the hotel for the purpose of obtaining and actually orders and obtains at such time, in good faith, a meal therein.

And it is further provided that a corporation or association, organized in good faith under chapter five hundred and fifty-nine of the laws of eighteen hundred and ninety-five, or under any law which, prior to May sixth, eighteen hundred and ninety-five, provided for the organization of societies or clubs for social, recreative or similar purposes, and which corporation or association was actually lawfully organized, and, if a corporation, its certificate of incorporation duly filed, prior to March twenty-third, eighteen hundred and ninety-six, and which at such date trafficked in or distributed liquors among the members thereof, is excepted from the provisions of clauses A, B, C and D of this section. And the provisions of clause B of this section are subject to the following exception: In cities on the presentation by the holder of a liquor tax certificate under subdivision one of section eight of a permit for trafficking in liquor during the designated hours of one or more specified days, except Sunday, and at a place specified, granted and signed by the mayor of the city and the chief of police, and the payment of a tax of ten dollars for each day, the county treasurer or special deputy commissioner charged with the

duty of issuing liquor tax certificates shall issue a special liquor tax certificate for the sale of liquor at the place and during the time so specified, which certificate shall be in the form prescribed and furnished by the state commissioner of excise.

§ 31. Lists of lodgers to be furnished by hotel, lodging and boarding house keepers. The holder of a liquor tax certificate under section eight of this chapter, who shall be the keeper of a hotel, lodging or boarding house shall, during the time such certificate is held, whenever and as often as the same shall be required, and within twenty-four hours from the service of a written notice therefor, deliver personally to the county treasurer or special deputy commissioner who issued the liquor tax certificate held by such hotel keeper, at his office, for immediate transmission to the state commissioner of excise, a verified report which shall contain a true and complete statement of the names of all persons entertained by him as guests, lodgers or boarders, stating after each name the date since when such guest, lodger or boarder has been permanently and continuously an inmate of said hotel, lodging or boarding house, which report shall cover the period specified by the state commissioner of excise in his notice therefor and all facts pertinent thereto required by said notice. Service of such notice upon any person in charge of the premises shall be sufficient. Every such certificate holder shall keep a daily record of all persons entertained at said hotel, lodging or boarding house as a guest, boarder or lodger, with the time of arrival and departure set opposite each name, which record shall at all times be subject to inspection by any special agent appointed under this chapter, who may enter upon said premises for that purpose at any time when the same are open. Any person who shall neglect or refuse to keep such record, or to allow inspection of the same or to make such report, as above provided, shall be guilty of a misdemeanor, and, upon conviction, shall be subject to the same penalties prescribed in subdivision one of section thirty-six of this chapter. (*Thus amended by L. 1909, ch. 281, in effect May 4, 1909.*)

Amendment of 1909 struck out "thirty-five" and inserted "thirty-six" in the last sentence.

§ 32. In respect to applications to traffic in liquors as keeper of a hotel. The provisions of this section shall apply only to cities and to incorporated villages.

1. Before any liquor tax certificate shall be issued or transferred to any corporation, association, copartnership or person upon an application statement by which it appears that the business of keeping a hotel is to be carried on in connection with the traffic in liquors on the premises for which a liquor tax certificate under subdivision one of section eight of this chapter, shall be applied for, there shall be filed in the office of the special deputy commissioner of excise or county treasurer empowered to issue such certificate a sworn statement that such declared hotel building complies with the provisions of section thirty of this chapter relating to hotels and hotel keepers; such statements shall be filed by the following persons: in the city of New York by the superintendent of buildings of the borough in which such premises shall be situate, in other cities by the mayor of such city and in villages by the president of such village. The above named persons shall inspect or cause to be inspected all buildings within such borough, city or village, which are deemed to be hotels, either as defined by this chapter, or by any building laws or local ordinances, rules or regulations, or which are popularly known as hotels, and shall make a report in writing to the special deputy commissioner of excise or county treasurer having jurisdiction in such borough, city or village, verified by the affidavit of the person making the same, giving the location by street and number, and if there be no street and number such description as shall identify the premises, of all buildings that may hereafter be erected as or altered or converted into hotels, however defined, and which shall comply with the provisions of section thirty of this chapter relating to hotels and hotel keepers. Such reports shall be made within ten days after the erection or alteration of such buildings is completed. The officials responsible for making the reports mentioned in this section shall in each case file among their records a detailed statement showing the following facts on which such report is based: the number of bedrooms such build-

ing contains above the basement exclusive of those occupied by the family and servants; whether each bedroom is properly furnished to accommodate lodgers, whether the bedrooms are separated by partitions at least three inches thick extending from floor to ceiling, whether there is independent access to each bedroom by a door opening into a hallway and whether each bedroom has a window or windows with not less than eight square feet of surface opening upon a street or open court, light-shaft or open air, and whether each bedroom has at least eighty square feet of floor area and at least six hundred cubic feet of space therein; whether such building contains a dining-room which is not a part of the barroom and the area in square feet of such dining-room, and whether it is provided with tables and has suitable table furniture and the number of guests for which it has accommodations at one and the same time; also whether such building contains a kitchen and conveniences for cooking therein sufficient to provide bona fide meals at one and the same time for ten or twenty guests as required by law. All reports and records mentioned in this subdivision and in subdivision two of this section shall be deemed public records and shall be subject to inspection by any citizen at any reasonable time.

2. If it shall appear by such report that the declared hotel building referred to in the application does not comply with the provisions of section thirty of this chapter relating to hotels and hotel keepers, the said special deputy commissioner of excise or county treasurer shall not issue a liquor tax certificate to any person proposing to carry on the traffic in liquor at such place in connection with the business of keeping a hotel, and the said special deputy commissioner of excise or county treasurer shall immediately notify the police commissioner or other chief police officer of such city or the president of such village, that a liquor tax certificate has been denied. A copy of such notice shall also be mailed to the said commissioner of excise. Every such officer upon receiving such notice, shall at once notify the owner and occupant of said building that the said building does not comply with the laws in relation to hotels; and before any liquor tax certificate shall be issued for such

premises a statement must be made by the applicant that the business of keeping a hotel will not be carried on at the said premises. Any taxpayer of a city or village who has reason to believe that any hotel building situate therein for which a liquor tax certificate has been issued upon an application statement by which it appears that the business of keeping a hotel is to be carried on in connection with the traffic in liquors at such premises, does not comply with the provisions of section thirty of this chapter relating to hotels and hotel keepers, may at any time file a statement to this effect, stating his reasons therefor, with the state commissioner of excise. Upon receiving such statement said state commissioner of excise shall, forthwith, cause such hotel building to be inspected and shall file among his records a statement showing in detail the following facts with regard to such building: the number of bedrooms it contains above the basement exclusive of those occupied by the family and servants; whether each bedroom is properly furnished to accommodate lodgers, whether the bedrooms are separated by partitions at least three inches thick extending from floor to ceiling, whether there is independent access to each bedroom by a door opening into a hallway and whether each bedroom has a window or windows with not less than eight square feet of surface opening upon a street or open court, light-shaft or open air, and whether each bedroom has at least eighty square feet of floor area and at least six hundred cubic feet of space therein; whether such building contains a dining-room which is not a part of the barroom and the area in square feet of such dining-room, and whether it is provided with tables and has suitable table furniture and the number of guests for which it has accommodations at one and the same time; also whether such building contains a kitchen and conveniences for cooking therein sufficient to provide bona fide meals at one and the same time for ten or twenty guests as required by law. If it appears from this statement that the said building does not comply with the provisions of section thirty of this chapter relating to hotels and hotel keepers, the state commissioner of excise shall forthwith commence proceedings under sec-

tion twenty-seven of this chapter, to revoke and cancel the liquor tax certificate issued for the said hotel building, upon the ground that at the time of such inspection the said hotel building did not comply with the provisions of section thirty of this chapter, in relation to hotels and hotel keepers, which shall be a sufficient ground for revoking and canceling such certificate, unless in accordance with the demand of the state commissioner of excise said liquor tax certificate shall be immediately surrendered to the officer who issued the same. If any liquor tax certificate shall be surrendered or revoked and canceled as aforesaid, the special deputy commissioner of excise or county treasurer who issued the same shall notify the mayor of the city, the superintendent of buildings of the borough of the city, or the president of the village in which such declared hotel building is situate, and before any liquor tax certificate shall be issued for or transferred to such premises upon an application statement by which it appears that the business of keeping a hotel is to be carried on in connection with the traffic in liquors at such premises, the mayor of the city, the superintendent of buildings of the borough of the city, or the president of the village in which such declared hotel building is situate, shall file a new sworn statement as hereinbefore provided, to the effect that such premises have been made to comply with the provisions of section thirty of this chapter in relation to hotels and hotel keepers.

3. Any person who shall be convicted of the crime of making material false statements in his application for a liquor tax certificate to traffic in liquor in connection with the business of keeping a hotel, or who shall falsely state in such application that the building where such hotel business is proposed to be carried on complies with all the provisions of this chapter as to hotels, and with all of the laws, ordinances, rules and regulations of the state and locality where such building is situated in relation to hotels and hotel keepers, shall be guilty of a misdemeanor, and upon conviction shall be punished by a fine of not more than five hundred dollars, or by imprisonment in a county jail or penitentiary for a term of not more than one year, or by

both such fine and imprisonment and shall forfeit the liquor tax certificate or certificates held by him, and be deprived of all rights and privileges thereunder, and of any right to a rebate of any portion of the tax paid thereon and shall be held in custody upon temporary commitment until such certificate or certificates are surrendered to the court in which such conviction is had, by whom the same shall be transmitted to the special deputy commissioner of excise or county treasurer who issued the same.

4. Any person whether holding a liquor tax certificate or not, who shall place on or affix to any building, or adjacent thereto, or suffer or permit any sign, notice or advertisement stating or indicating that such building is a hotel or is conducted as a hotel, or who shall give notice or advertise in any manner that any building owned, occupied, or managed by or for the benefit of such person is a hotel or is conducted as a hotel, shall, if such building does not comply with all of the provisions of section thirty of this chapter applicable to hotels, and with the laws, ordinances, rules and regulations of the state and locality where such building is situated, in relation to hotels and hotel keepers, be guilty of a misdemeanor, and upon conviction shall, if such person be the holder of a liquor tax certificate or certificates, forfeit the same, and be deprived of all rights and privileges thereunder, and of any right to a rebate of any portion of the tax paid thereon, and shall be held in custody upon temporary commitment until such certificate or certificates are surrendered to the court in which such conviction is had, by whom the same shall be transmitted to the special deputy commissioner of excise or county treasurer who issued the same. If the person so convicted is not the holder of a liquor tax certificate, such person shall be punished by a fine of not more than five hundred dollars, or by imprisonment in a county jail or penitentiary for a term of not more than one year, or by both such fine and imprisonment as is provided in this chapter.

5. All sheriffs, deputy sheriffs, police officers, constables, their assistants and helpers and all officers of any building department, their assistants and helpers, and all mayors and village presidents and all persons authorized by them, and all

special agents and any assistants and helpers, authorized by the state commissioner of excise, may, on any days between the hours of nine o'clock ante meridian and six o'clock post meridian, or at any other time when the same is open, enter and inspect, survey, measure or map any building or premises conducted as a hotel, or claimed or advertised as a hotel, or where a liquor tax certificate has been applied for or obtained upon an application containing the statement that such building complies with the provisions of this chapter relating to hotels, and with the laws, ordinances, rules and regulations of the state and locality where situated in relation to hotels and hotel keepers. Any person who shall forbid, obstruct or prevent the officers named, or any one of their helpers or assistants, from free entry into any such building or premises for the purposes of this chapter shall be guilty of a misdemeanor, and may be forthwith arrested by such officers, helpers or assistants, or any police officer without a warrant, and upon conviction, if he be the holder of a liquor tax certificate or certificates shall forfeit the same, and be deprived of all rights and privileges thereunder, and of any right to a rebate of any portion of the tax paid thereon, and shall be held in custody upon temporary commitment until such certificate or certificates are surrendered to the court in which such conviction is had, by whom the same shall be transmitted to the special deputy commissioner of excise or county treasurer who issued the same. If the person so convicted is not the holder of a liquor tax certificate, such person shall be punished by a fine of not more than five hundred dollars, or by imprisonment in a county jail or penitentiary for a term of not more than one year, or by both such fine and imprisonment as is provided by this chapter.

6. Any mayor, village president, sheriff, deputy sheriff, police officer, constable, superintendent of buildings; or other officers of the building department, of any city, borough or village, commissioner of police, chief of police, superintendent of police, district attorney, assistant district attorney, special agent, special deputy commissioner of excise or county treasurer, who shall neglect or refuse to perform any duty devolving on him

under and by virtue of this section, or who shall make a false report thereunder, shall be guilty of a misdemeanor, and upon conviction shall be punished by a fine of not more than one thousand dollars, or by imprisonment in a county jail or penitentiary for a term of not more than one year, or by both such fine and imprisonment as is provided in this chapter, and shall forfeit his office and all rights thereunder.

§ 33. Search for seizure and forfeiture of liquors kept for unlawful traffic. 1. Liquors kept, stored or deposited in any place in this state after July first, nineteen hundred and eight, for the purpose of sale or distribution therein in violation of the provisions of this chapter, and the vessels in which such liquors are contained, are declared to be a nuisance, and are forfeited to the state when seized, and such forfeiture declared in the manner provided in this section.

2. Upon the verified complaint of a special agent, or of a peace officer or any citizen, setting forth facts which establish that liquors are kept, stored or deposited in any place in this state for the purpose of unlawful sale or distribution therein within this state, or that there is probable cause for believing that liquors are so kept, stored or deposited, any judge of any city court of record of the city, or any county judge of the county or justice of the supreme court in the judicial district where such liquors are so kept, stored or deposited, shall, if satisfied that there is probable cause to believe that liquors are so kept, stored or deposited, issue his warrant directed to any peace officer, or to a special agent upon his request, commanding him forthwith to search the premises described in said warrant for the liquors specified therein, and to seize such liquors, if found, and to safely keep such liquors until final action thereon, as in this section provided, and to make immediate return thereon to the judge or justice issuing the same. The complaint shall state the name of the person so keeping, storing or depositing such liquors as aforesaid, and the name of the owner of the premises where such liquors are so stored, kept or deposited, if known to the complainant, together with a description of such premises.

sufficient to identify the same. The warrant shall contain a notice directed generally to all persons claiming any right, title or interest in such liquors to appear before the judge or justice issuing such warrant, at a place and at a time therein specified, not more than twenty days after the issuance of said warrant and not less than ten days after the execution thereof, and show cause why such liquors should not be forfeited to the state. The warrant must be executed by the special agent or peace officer to whom it is delivered within ten days after the issuance thereof, and such warrant may be executed at any time between the hours of six o'clock in the morning and six o'clock in the afternoon, or if the premises be open, at any other time. The peace officer or special agent executing such warrant is invested with all the powers conferred upon a peace officer in the execution of a search warrant by sections seven hundred and ninety-nine and eight hundred of the code of criminal procedure. Any person who shall forbid, obstruct or prevent any such peace officer or special agent or any accompanying helper or assistant, free entry into or search of any building or premises specified in such warrant, or the seizure of such liquors therein found, during the times above specified, after notice of the authority and purpose of such peace officer or special agent, shall be guilty of a misdemeanor and may be forthwith and without a warrant arrested by such peace officer or special agent. A copy of such warrant shall be delivered to the person so keeping such liquors, if he be present at the time of such seizure, and if he be not present, then to the person, if any, apparently in possession of such liquors or of the premises wherein the same are found, and another copy of such warrant shall be posted in a conspicuous place upon said premises. The special agent or peace officer seizing such liquors under said warrant shall give a receipt therefor to the person so keeping such liquors, if present, and if he be not present, then to the person, if any, apparently in possession of such liquors, or in charge of such premises, or in the absence of any such person, he must leave such receipt in the place where the liquors are found. At the time and place specified in the notice contained in such warrant, any person claiming any right, title or interest in the liquors seized

under such warrant may interpose an answer controverting the allegations of the complaint upon which such warrant was issued. If such answer is interposed, the issue thus framed shall be deemed an action pending in the court of the judge or justice who issued the warrant, between the commissioner of excise of the state of New York and the liquor so seized and may be entitled in the name of the said state commissioner of excise and against the liquors so seized, adding for identification the name of the person or persons interposing such answer and claiming or defending the liquors so seized, and shall be tried in said court as other issues of fact are tried therein, and shall be entitled to the preference provided by section seven hundred and ninety-one, subdivision one, of the code of civil procedure. If no answer controverting the allegations of the complaint is interposed, the judge or justice shall proceed to hear the testimony in support thereof. If it be established upon the hearing before said judge or justice or upon the trial of the action, if issue be joined, that the liquors so seized were kept, stored or deposited for the purpose of unlawful sale or distribution within this state, judgment of forfeiture of said liquors to the state shall be entered, which judgment shall provide for the public destruction of such liquors, and the vessels in which the same were contained, by or under the direction of the peace officer or special agent who seized the same, or by or under the direction of the state commissioner of excise; if the testimony produced on the hearing before said judge or justice, or upon such trial before the court, shall fail to establish that the liquors so seized were kept, stored or deposited for the purpose of unlawful sale or distribution within this state, judgment shall be entered dismissing such complaint and providing that such liquors and the vessels containing the same be returned to the place from which or to the person from whom they were taken. Upon the entry of such judgment, the judge or justice presiding at such hearing or upon such trial shall promptly report to the state commissioner of excise, in writing, the date of the issuing of such warrant, the name and residence of the complainant, the location of the premises searched, giving street and number, if any, the name of the officer or special

agent to whom such warrant was delivered, and if liquors were seized, a description of the same and the final disposition thereof. The fees of any peace officer and the necessary expenses of any peace officer or special agent in the performance of his duties under this section shall be a charge on the town or city in which the premises searched are situated, and shall be audited and paid in the same manner as other town and city charges for similar services in criminal proceedings are audited and paid. (*Subd. thus amended by L. 1909, ch. 281, in effect May 4, 1909.*)

Amendment of 1909 struck out "verified" and changed "a" to "an" before "answer" in sentence beginning with "At the time", and struck out "verified" before "answer" in sentence beginning with "If no answer".

3. Liquors seized as hereinbefore provided, and the vessels seized containing them, shall not be taken from the custody of the peace officer or special agent making such seizure by a writ of replevin or other process, while the proceeding or trial is pending.

4. The payment of a retail liquor dealer's or retail malt liquor dealer's special United States internal revenue tax for the place and covering the period in which such liquors are seized, or the maintenance or posting in any place where such liquors are seized, of a retail liquor dealer's or retail malt liquor dealer's special United States internal revenue tax stamp in force and effect at the time of such seizure, or the posting, keeping or maintaining of a notice or sign of any kind on or about the premises where such liquors are seized indicating that liquors are there sold, kept or given away at any place where traffic is prohibited under the provisions of section thirteen of this chapter, or any place for which a liquor tax certificate under section eight of this chapter has not been issued, shall be prima facie evidence that the liquors so seized, as aforesaid, were kept, stored and deposited in violation of the provisions of this section. The keeping of liquors in any building, not used exclusively for a dwelling, in which traffic is prohibited under the provisions of section thirteen of this chapter, shall be prima facie evidence that the same are kept in violation of the provisions of this section (*Thus amended by L. 1909, ch. 281, in effect May 4, 1909.*)

Amendment of 1909 made no changes whatever. Subdivision was apparently included in amendatory act by inadvertence.

5. No person except one who answers claiming some right, title or interest in the liquor so seized, shall be excused from attending and testifying, or producing any books, papers or other documents before any court or judge or justice, upon any such hearing or trial, upon the ground or for the reason that the testimony or evidence, documentary or otherwise, required of him may tend to convict him of a crime or to subject him to a penalty or forfeiture; but no person shall be prosecuted or subjected to any penalty or forfeiture for or on account of any transaction, matter or thing concerning which he may so testify or produce evidence, documentary or otherwise, and no testimony so given or produced shall be received against him upon any criminal investigation, trial or proceeding.

§ 34. Sales and pledges; when void. No recovery shall be had in any civil action, to recover the purchase price of any sale on credit of any liquor, to be drunk on the premises, where the same shall be sold. All securities given for such debts shall be void. Any person taking such security, with intent to evade this section, shall forfeit a penalty of fifty dollars for each offense. Each assignment, sale or pledge of articles or property exempt, by law, from execution, and every levy or sale of such articles or property by virtue of an execution by consent of the defendant therein, shall be void, where the consideration, or any part thereof, for which such assignment, sale or pledge was made, or for the debt on which judgment was rendered in any court and on which such execution was issued, was for the sale of liquors.

§ 35. Persons liable for violations of this chapter. Any person engaged in the traffic in liquors, whether as officer of a corporation, or association, or as a member of a copartnership, or an individual, shall upon conviction of a violation of any of the provisions of this chapter be liable for and suffer the penalties imposed therein; and any clerk, agent, employee or servant shall be equally liable as principals for any violation of the provisions of this chapter, and except as hereinafter provided, each violation of any of the provisions of this chapter shall be construed to constitute a separate and complete offense, and for each viola-

tion on the same day, or on different days, the person or persons offending shall be liable to the penalties and forfeitures imposed by this chapter; and in section thirty-six providing for penalties and forfeitures when corporations or associations are referred to, and penalties and forfeitures are imposed thereon, the same shall be understood to mean and apply to the officers of such corporation or association. All violations of this chapter, committed by any person on the same day, shall together constitute but one crime, which shall be denominated the crime of "violating the liquor tax law," and it shall be competent to prove, on the trial or hearing, each separate violation committed on said date, provided each violation proved is set forth in the indictment, charge or complaint, in general or specific terms. (*Thus amended by L. 1909, ch. 281, in effect May 4, 1909.*)

Amendment of 1909 struck out "the following" before "section" and inserted "thirty-six" after "section" in last clause of first sentence.

§ 36. Penalties for violations of this chapter. 1. Any person trafficking in liquors, who is prohibited from so doing or who so traffics without having lawfully obtained a liquor tax certificate; or contrary to the provisions of section thirteen of this chapter; or who shall neglect or refuse to make application for a liquor tax certificate, or give the bond, or pay the tax imposed as required by this chapter, shall be guilty of a misdemeanor, and upon conviction therefor shall be punished by a fine of not less than two hundred dollars nor more than twelve hundred dollars, provided such fine shall equal at least the amount of one-half of the tax for one year, imposed by this chapter upon the kind of traffic in liquors carried on, where carried on, or which would be so imposed if such traffic were lawful, and shall also be imprisoned in a county jail or penitentiary for a term of not less than thirty days nor more than one year.

2. Any person who shall make any false statement in the application required to be presented to the county treasurer or other officer to obtain a liquor tax certificate, or to obtain a transfer thereof, or who shall violate any of the provisions of section eight, nineteen, twenty, twenty-one, twenty-three, twenty-nine

or thirty shall be guilty of a misdemeanor, and upon conviction therefor shall be punished by a fine of not more than five hundred dollars or by imprisonment in a county jail or penitentiary for a term of not more than one year, or by both such fine and imprisonment, and shall forfeit the liquor tax certificate, and be deprived of all rights and privileges thereunder, and of any right to a rebate of any portion of the tax paid thereon, and if the person convicted be a pharmacist holding a license issued by the board of pharmacy, the said board of pharmacy shall, in addition to said penalties, immediately revoke said license, and no liquor tax certificate shall be issued to any person to traffic in liquors at said store or place, under subdivision three of section eight of this chapter for the term of one year from the date of said conviction; but this clause does not apply to violations of section thirty of this chapter, by a person not holding a liquor tax certificate, the punishment for which is provided in the first clause of this section.

3. If there shall be two convictions of clerks, agents, employees, or servants of a holder of a liquor tax certificate, for a violation of any provision of this chapter, the liquor tax certificate of the principal shall be forfeited, and the said principal shall be deprived of all rights and privileges thereunder, and of any right to any rebate of any portion of the tax paid thereon.

4. No liquor tax certificate shall be issued to any person convicted of a violation of this chapter within three years from the date of such conviction, nor shall any such person have any interest therein, or become a surety on any bond, required under section sixteen of this chapter, during such period.

5. Any wilful violation by any person of any provision of this chapter, for which no punishment or penalty is otherwise provided, shall be a misdemeanor.

6. Whenever any fine is imposed upon conviction for violation of any provision of this chapter, the judgment in such case must provide that the person thus fined be imprisoned until the fine is satisfied, which imprisonment can not exceed one day for every dollar of the fine, nor be less than one day for every five dollars of the fine.

7. If the holder of any liquor tax certificate shall be convicted of keeping a disorderly house, in violation of section eleven hundred and forty-six of the penal law, or in violation of any municipal ordinance prescribing the same or any similar offense, or be convicted of any offense prescribed in articles eighty-eight or one hundred thirty of the penal law, or be convicted of the same or any similar offense prescribed in any municipal ordinance, or be convicted of any felony whatsoever, said certificate holder shall forfeit any and every liquor tax certificate held by him at the time of such conviction, and be deprived of all rights and privileges thereunder. If any clerk, agent, employee or servant of a holder of a liquor tax certificate shall commit any of such offenses at a place for which a liquor tax certificate has been issued, and be convicted thereof, the holder of such liquor tax certificate shall forfeit the same, and be deprived of all rights and privileges thereunder.

8. Upon the forfeiture of any liquor tax certificate, as provided by this section, it shall be the duty of the holder of said certificate, or of any other person having such certificate in his possession or under his control, to immediately surrender such certificate to the officer who issued the same or to his successor in office, who shall forward the same to the state commissioner of excise for cancellation. In case such certificate be not forthwith surrendered, it shall be the duty of the officer who issued the said certificate or his successor in office, immediately upon receiving notice of the forfeiture of any certificate, as provided in this section, or upon the request of the state commissioner of excise, to sign duplicate written demands for the surrender of said certificate, setting forth the conviction or convictions causing such forfeiture, and to deliver said demands to the sheriff of the county in which the premises designated in said certificate are located, or to any special agent of the state commissioner of excise, together with a certified copy of the record of each conviction referred to in such demands, and it shall be the duty of said sheriff or special agent, immediately upon the receipt of said duplicate demands and such record or records of conviction, to serve one of such demands, together with such record or records of con-

viction, upon the holder of said certificate, or upon any other person having such certificate in his possession or under his control, and to take possession of such certificate and to return the duplicate of said demand, with proof of the service thereof and of such record or records of conviction, together with said certificate, to said issuing officer. The sheriff making such service shall be entitled to the same fees therefor as for serving a summons in an action in the supreme court, which fees, and any other fees *to which said sheriff would be by law entitled to receive from the state commissioner of excise, shall be legal charges against the county in which the office of the said sheriff is situated, and shall be audited and paid as are other lawful claims.

§ 37. Jurisdiction of courts; reports of courts and court clerks; reports of magistrates. 1. Except as otherwise provided by this chapter, all proceedings instituted for the punishment of any violations of the provisions of this chapter, the penalties for which are prescribed in subdivision one, two, three or four of section thirty-six, shall be prosecuted by indictment by the grand jury of the county in which the crime was committed, and by trial in a court of record having jurisdiction for the trial of crimes of the grade of felony; except that any magistrate of the county in which such violations occur shall have jurisdiction, and shall examine on oath the informant or prosecutor and any witnesses he may produce, and shall issue subpoenas for such witnesses as may be named by such prosecutor or informant and examine them on oath, and shall issue a warrant of arrest upon such information and depositions, and shall examine the case as provided by chapter two of title three of the code of criminal procedure; except that where the defendant is required to be taken before the magistrate who issued the warrant, he may, if that magistrate be absent or unable to act, be taken before any magistrate in the county in which the magistrate before whom the warrant is returnable resides, but if it shall appear upon such examination that a crime, not triable by a court of special sessions, has been committed, and that there is sufficient cause to be-

* So in original.

lieve that the person or persons charged with such crime are guilty thereof, such magistrate shall admit such person or persons to bail, in a sum not less than one thousand dollars, and in default of bail shall commit him or them to the sheriff of the county or if in the city of New York to the keeper of the city prison of the city of New York. A magistrate before whom any person shall be brought, charged with a violation of the provisions of this chapter, shall immediately notify the state commissioner of excise in writing of the fact of such arrest and the disposition of the case, stating the name and residence of each person accused; the date when held for trial or discharged; the name, residence and address of the complainant, and of each witness sworn in support of the charge in case a preliminary examination shall have been had, and shall at the same time transmit a duplicate copy of such report to the district attorney of the county.

2. Courts of special sessions shall have exclusive jurisdiction to try and determine, according to law, all violations of the liquor tax law defined by subdivision five of section thirty-six as a misdemeanor. Any person convicted in a court of special sessions for violation of any of the provisions of this chapter shall be punished according to the provisions hereof.

3. The court or officer before whom any person shall be tried for a violation of any provision of this chapter, or the clerk of the court, if there be a clerk, shall forthwith mail or deliver to the state commissioner of excise a certified statement of the disposition of said case, giving the date thereof, the name of the defendant, the date and place of violation and the name of each witness sworn in support of the charge.

§ 38. Jurisdiction of courts of special sessions in the city and county of New York. After a person has been held to bail or committed to the keeper of the city prison by a magistrate, upon a complaint for a violation of any of the provisions of this chapter in the city and county of New York, as provided in section thirty, all further and subsequent proceedings instituted for the purposes mentioned in section thirty-seven of this chapter shall be prosecuted in the court of special sessions in and for said city and county in the manner prescribed by law

for the trial of misdemeanors committed therein. Upon the conviction in such court of special sessions of any person charged with a violation of any of the provisions of this chapter, judgment shall be pronounced by the said court pursuant to the provisions of this chapter, and all fines imposed shall be collected and paid over to the special deputy commissioner of the county to be apportioned and disposed of as provided by section ten.

§ 39. Collection of fines and penalties and forfeitures of bonds; reports of county clerks. Upon conviction of any person, whether as officer of a corporation or as member of a copartnership, or as an individual, for keeping a disorderly house, in violation of section eleven hundred and forty-six of the penal law, or in violation of any municipal ordinance prescribing the same or any similar offense, and upon conviction of any such person for any offense prescribed in article eighty-eight or one hundred thirty of the penal law, or for the same or any similar offense prescribed in any municipal ordinance, and upon conviction of any such person for any felony whatsoever, the court or officer before whom such conviction shall have been had, or the clerk of the court if there be a clerk, shall forthwith make and file in the office of the clerk of the county in which such conviction shall have been had a certified statement of such conviction and the sentence, if any, to be reported to the state commissioner of excise by said county clerk, as hereinafter provided in the case of convictions for violations of this chapter. Upon conviction of any person whether as officer of a corporation or as member of a copartnership or as an individual, for a violation of the provisions of this chapter, the penalty for which is prescribed in section twenty-seven, twenty-eight or thirty-six hereof, the court or officer before whom such conviction shall have been had, or the clerk of the court if there be a clerk, shall forthwith make and file in the office of the clerk of the county in which such conviction shall have been had a certified statement of such conviction and the sentence, if any; and the clerk of said county shall immediately thereupon enter in the docket book, kept by said clerk for the docketing of judgments in said office, the amount of the penalty or fine imposed, as a judgment against the person so

convicted or sentenced, and in favor of the state commissioner of excise, and said county clerk shall also enter in the docket of said judgment a brief statement setting forth the fact that said judgment is for a fine or penalty imposed for a violation of the "liquor tax law," and said county clerk shall immediately mail or deliver to the state commissioner of excise a duly certified transcript of said judgment. If the fine imposed be paid into court or to any officer, the said officer or clerk of the court shall at once pay the same to the county treasurer or special deputy commissioner of the county or borough, who shall give his receipt therefor, and shall at once notify the state commissioner of excise of the payment of such judgment, who shall thereupon execute a satisfaction thereof and forward the same to the said county treasurer or special deputy commissioner, to be delivered to the judgment debtor. If said judgment shall not be paid within five days after such conviction and sentence, the clerk of said county shall issue an execution against the property of such judgment debtor or debtors, against whom said judgment is docketed, directed to the sheriff of the county, and at once deliver the said execution to the said sheriff, who shall forthwith proceed to collect the amount due on said judgment, together with his legal fees and costs, by levy and sale, in the manner now provided by law for the collection of executions against property, of any goods, chattels, furniture, fixtures and leasehold interest, or other property of such judgment debtor or debtors, wherever found. Such levy shall take precedence over any and all liens, mortgages, conveyances or incumbrances taken or had on such property, subsequent to the docketing of said judgment in said clerk's office, and no property of said judgment debtor or debtors shall be exempt from such levy and sale. All moneys collected upon execution under the provisions of this section shall be paid by the officer collecting the same, less his legal fees and costs thereon, to such county treasurer or special deputy commissioner who shall apportion and account for the same as provided by this chapter. In case such judgment debtor or debtors shall have given the bond provided for in section sixteen of this chapter, the state commissioner of excise may forthwith proceed to collect

from the sureties thereon the amount of such judgment, together with the costs of collection, by due process of law, and the issuing of an execution under the provisions of this chapter shall not be a condition precedent to the enforcement of the provisions and penalties of any bond given by such judgment debtor or debtors pursuant to the provisions of this chapter. At the end of each month every county clerk shall make under his hand and official seal and forward to the state commissioner of excise a written report of all orders or judgments filed or entered in his office during such month in favor of or against the state commissioner of excise, and also a report of all orders or judgments entered in said office in favor of or against any person illegally trafficking in liquor or the holder of a liquor tax certificate in any proceeding or action instituted or brought for the purpose of compelling the surrender and cancellation of a liquor tax certificate, or in favor of or against any county treasurer or special deputy commissioner on account of his having issued or transferred or refused to issue or transfer any liquor tax certificate. Such report shall contain the title of the action or proceeding in which each of said orders or judgments was obtained, the date of each order or judgment, also when filed and entered; and also the substance or purport of such order or judgment; also all indictments for violations of this chapter, and all judgments of convictions thereon. Such report shall state the date when each indictment was found, the name of the defendant, the time and place when and where the crime was committed, and the particular offense charged; and in case of a conviction shall state the name of the defendant, the date of the conviction and the judgment pronounced thereon, and if the fine imposed shall have been paid in court a statement of that fact. All sealed indictments shall be included in the first report made by such county clerk after the defendant therein shall have been arrested or admitted to bail. Said county clerk shall also furnish a complete certified copy of any such order, indictment, judgment or record upon the request of the state commissioner of excise. The fees or compensation of such clerk for making such report and for making and furnishing a certified copy of any such order, judgment, indictment

or record, at the request of the state commissioner of excise, and any other fees which said clerk or the sheriff of any county would be by law entitled to receive from the state commissioner of excise shall be legal charges against the county in which the office of the said clerk or sheriff is situated, and shall be audited and paid as are other lawful claims.

§ 40. Duties of public officers in relation to complaints and prosecutions under this chapter. It shall be the duty of every sheriff, deputy sheriff, police officer or constable, having notice or knowledge of any violation of the provisions of this chapter, to immediately notify the district attorney of the county in which such violation occurs, by a statement under oath of the facts of such violation, and it shall be the duty of such district attorney when complaint on oath is made of such violation, forthwith to cause the arrest and attend the examination personally or by an assistant, of each person so complained of, unless a term of court with a grand jury in attendance shall be appointed to be held in such county within ten days from the time of the receipt by the district attorney of such verified complaint, or unless such accused persons shall have been examined upon such charge and admitted to bail or committed thereon. It shall be the duty of the district attorney to prepare and present to the grand jury of the county all evidence tending to show a violation in each case within his knowledge, or reported to him pursuant to the provisions of this section, or reported to him by the verified complaint of any reputable citizen, except that said district attorney shall prosecute such violations as are specified in subdivision two of section thirty-seven in the court of special sessions having jurisdiction thereof and the said district attorney shall prosecute any person violating any of the provisions of this chapter and for each and every violation thereof. Within five days after the discharge of any grand jury, the district attorney shall file in the office of the clerk of the county a certified statement giving the name and residence of each person charged with a violation of this chapter, which charge shall have been investigated and dismissed by such grand jury, and also giving the name and residence of each wit-

ness examined in the investigation of each such charge. All officers authorized to make arrests in any city, town or village, and the special agents appointed under section seven of this chapter may in the performance of their duties enter upon any premises where the traffic in liquors is carried on or liquors are exposed for sale at any time when such premises are open, except that places occupied by membership corporations incorporated prior to the twenty-third day of March, eighteen hundred and ninety-six, which traffic in liquors solely with the members thereof shall not be entered for inspection by any officer unless such entry and inspection is expressly authorized and directed by the state commissioner of excise by written instructions.

§ 41. Penalties for neglect of public officers to perform their duty under this chapter. Any officer who shall neglect or refuse to perform his duty under the provisions of this chapter, shall be liable to a penalty of five hundred dollars for each and every offense, and if such officer be a county treasurer or district attorney, he shall be removed from office by the governor after hearing and determination thereon and decision that such neglect or refusal has occurred. Any citizen may prefer charges to the governor under this section.

§ 42. Recovery of damages in a civil action. A recovery may be had in a civil action of the damages suffered by reason of the intoxication of any person, from any corporation, association, copartnership or person who shall by selling or giving away liquors have caused such intoxication, if the person or one of the persons suffering such damage shall, previous to such selling or giving away, have given written notice to such corporation, association, copartnership or person, or to their agents or employees, or to the person so selling or giving away, forbidding such selling or giving away liquors to the person whose intoxication shall have caused such damage; or such damage may be recovered from any corporation, association, copartnership or person owning or renting or permitting the occupation of any building or premises where such selling or giving away of liquors shall have occurred, jointly with the corporation, association,

copartnership or person selling or giving away, or severally when the notice herein provided for shall have been given to such owners or their authorized agents, and not otherwise.

§ 43. Penalties; actions to recover. Any corporation, association, copartnership or person who shall traffic in liquor contrary to the provisions of this chapter or who shall make a false statement upon application for a liquor tax certificate, or upon application for the transfer or surrender and cancellation thereof, or who shall violate any of the provisions of sections eight, ten, nineteen, twenty, twenty-one, twenty-three, twenty-four, twenty-five, twenty-six, twenty-seven, twenty-eight, twenty-nine, thirty, thirty-four, thirty-seven, thirty-nine, or forty of said chapter, in addition to the punishment and penalties in this chapter otherwise imposed and provided, shall be liable to a penalty of fifty dollars for each and every violation, to be recovered by the state commissioner of excise in an action brought in his name as such commissioner, in any court of record in any county of the state, provided that two or more penalties may be sued for and recovered in the same action; and if such corporation, association, copartnership or person be the holder of a liquor tax certificate, such certificate shall be forfeited. When an action is brought in any county other than the county wherein the defendant resides, or in an adjoining county, the place of trial of such action may be changed to any county adjoining the county wherein the defendant resides, for cause shown as provided by the code of civil procedure. If judgment be recovered against the holder of a liquor tax certificate in any action for penalties, such judgment shall provide, in addition to the penalties included therein, that such certificate and all rights thereunder of the holder thereof, including all rebate moneys upon cancellation, be forfeited, and that the defendant, or any person having such certificate in his possession or under his control, shall surrender said certificate to the officer who issued the same, or to his successor in office, immediately upon the service of a certified copy of said judgment; and neglect or refusal of any person to surrender said

certificate in pursuance of the provisions of any such judgment shall be a contempt of court, punishable in the manner provided by the judiciary law. All moneys recovered in any such action or actions shall be paid over and accounted for in the same manner as are moneys collected under subdivision four of section eight of this chapter. The state commissioner of excise may also in like manner bring an action in his name as such commissioner to recover the penalty provided for by section forty-one of this chapter and the provisions of this section shall apply to the commencement and prosecution of such action and the disposition of all moneys recovered as penalties therein.
